### Executive Summary

Authorizing the Director of Water Services to execute a \$2,700,000.00 construction contract with Leath & Sons, Inc., for the Water Department Emergency Transmission Water Main Repair Renewal No. 2 project; authorizing two successive renewal options with further City Council approval; and establishing an ordinance effective date.

### Discussion

#### Project Justification

KC Water is undertaking this project to make scheduled and emergency repairs to the transmission water mains throughout the City's water distribution system.

#### Project Description/Ordinance Summary/Contract Summary

The scope of work to be provided under this contract will include scheduled and emergency transmission water main repairs to the City's water distribution system.

Work will be located throughout Kansas City, Missouri.

City Council approved Ordinance No. 240485 on June 13, 2024, which authorized a \$1,650,000.00 construction contract with Leath & Sons, Inc., for the Water Department Emergency Transmission Water Main Repair project along with four successive renewal options with further City Council approval.

Change Order No. 1 was executed on September 12, 2024 updating the project requirements specifications. Change Order No. 2 was executed on December 11, 2024 adding \$165,000.00 to the contract due to high volume of emergency repairs. Change Order No. 2 was executed on December 10, 2024 correcting the annual wage order in the contract.

City Council approved Ordinance No. 250324 on April 24, 2025, which authorized a \$1,650,000.00 construction contract with Leath & Sons, Inc., for the Water Department

Emergency Transmission Water Main Repair, Renewal No. 1 project along with three successive renewal options with further City Council approval.

The City executed a change order on this Renewal No. 1 contract on September 17, 2025 totaling \$165,000.00 due to a high volume of emergency repairs.

The proposed ordinance is for the second of four renewal options for this contract in the not to exceed \$2,700,000.00 based on unit prices to perform repairs as assigned. The cost increase for this proposed renewal (and subsequent renewals) is based on inflationary impacts in recent years, and continuing supply chain challenges as has been seen in all projects.

This proposed ordinance shall become effective on May 1, 2026.
