Section B. That a development plan for the area legally described above is hereby approved, subject to the following conditions:

1. The developer shall submit an affidavit, completed by a landscape architect licensed in the State of Missouri, verifying that street trees have been installed in accordance with the approved street tree planting plan and are healthy prior to a certificate of occupancy.
2. The developer shall submit an affidavit, completed by a landscape architect licensed in the State of Missouri, verifying that all landscaping required of the approved plan has been installed in accordance with the plan and is healthy prior to a certificate of occupancy.
3. The developer shall secure approval of an MPD final plan from the City Plan Commission prior to building permit.
4. That all signage shall conform to 88-445 and shall require a sign permit prior to installation.
5. That the developer shall continue working with staff on the landscaping plan and species provided during the MPD final plan process.
6. The project shall meet the fire flow requirements as set forth in Appendix B of the International Fire Code 2018. (IFC-2018§ 507.1)

7. Fire hydrant distribution shall follow IFC-2018 Table C102.1 and fire hydrants shall be installed and operable prior to the arrival of any combustible building materials onto the site. (IFC-2018 § 501.4 and 3312.1; NFPA -2013 § 8.7.2).
8. The turning radius for Fire Department access roads shall be 30 feet inside and 50 feet outside radius. (IFC-2018: § 503.2.4)
9. Required Fire Department access roads shall be an all-weather surface. (IFC-2012: § 503.2.3).
10. Fire Department access roads shall be provided prior to construction/demolition projects begin. (IFC-2018 § 501.4 and 3310.1; NFPA 241-2013 § 7.5.5)
11. Required Fire Department access roads shall designed to support a fire apparatus with a gross axle eight of 85,000 pounds. (IFC-2018: § 503.2.3)
12. Branch service lines one-and-one-half inches and larger in diameter for domestic water services or fire protection lines shall be connected to the main by cutting in a minimum 6 inch branch service tee, installing three gate valves, and two solid sleeves on the main. Line valves on the main shall be the same nominal size as the main.
13. The developer shall ensure that water and fire service lines should meet current Water Services Department rules and regulations prior to a certificate of occupancy.
14. The developer shall have a water flow test done to ensure there is adequate water pressure to serve the development.
15. The developer shall submit fire hydrant installation plans meeting a 300' maximum spacing along the portion of North Brighton adjacent to the project. Plans shall be prepared by a registered professional engineer in Missouri and shall be submitted to the water main extension desk for review, acceptance and contracts per the Kansas City Water rules and regulations for water main extensions and relocations.
16. The developer shall submit a macro storm drainage study with the first plat or phase, from a Missouri-licensed civil engineer to the Land Development Division showing compliance with current adopted standards in effect at the time of submission, including water quality BMP's, to the Land Development Division for review and acceptance for the entire development area, and submit a micro storm drainage study with each subsequent plat or phase showing compliance with the approved macro and adopted standards. The developer shall secure permits to construct any improvements as necessary to mitigate impacts from rate, volume, and quality of runoff from each proposed phase, prior to recording the

- plat or prior to issuance of a building permit, whichever occurs first, as required by the Land Development Division.
17. After the City Plan Commission enters its disposition for the development plan, the developer shall not enter into any agreement that would encumber or otherwise have any impact on the proposed right-of-way dedications for the planned project without the prior written consent of the Land Development Division.
 18. The developer shall cause the area to be platted and processed in accordance with Chapter 88, Code of Ordinances of the City of Kansas City, Missouri.
 19. The developer shall subordinate to the City all private interest in the area of any right-of-way dedication, in accordance with Chapter 88 and as required by the Land Development Division, prior to issuance of any construction permits within said right-of-way, and the developer shall be responsible for all costs associated with subordination activities now and in the future.
 20. The developer shall dedicate additional right-of-way along the west half of N. Brighton Avenue as required by the adopted Major Street Plan and Chapter 88 so as to provide a minimum of 50 feet of right-of-way as measured from the centerline, along those areas being platted, or seek approval recommendations from the Transportation and Development Committee for any variances requested to the Major Street Plan prior to City Plan Commission approval.
 21. The developer shall submit plans for grading, siltation, and erosion control to the Land Development Division for review and acceptance, and secure a site disturbance permit for any proposed disturbance area equal to one acre or more prior to beginning any construction activities.
 22. The developer shall pay impact fees as required by Chapter 39 of the City's Code of Ordinances, as required by the Land Development Division.
 23. The developer shall secure permits to extend sanitary and storm water conveyance systems to serve all proposed lots within the development and determine adequacy of receiving systems as required by the Land Development Division, prior to recording the plat or issuance of a building permit whichever occurs first. The public sanitary sewer must be extended to serve the property. The internal sewers will be private and will require to be covered by a Covenant to Maintain Private Sewers to be reviewed and approved by the Water Services Department.
 24. The developer shall grant any BMP and/or surface drainage easements to the City as required by the Land Development Division, prior to recording the plat or issuance of any building permits.

A copy of said development plan is on file in the office of the City Clerk with this ordinance and is made a part hereof.

Section C. That the Council finds and declares that before taking any action on the proposed amendment hereinabove, all public notices and hearings required by the Zoning and Development Code have been given and had.

I hereby certify that as required by Chapter 88, Code of Ordinances, the foregoing ordinance was duly advertised and public hearings were held.
