Executive Summary

Amending Chapter 74, Article VII, Code of Ordinances, by repealing Section 74-302 and enacting in lieu thereof a new section of like number and subject matter to allow community improvement districts requesting a finding of blight, or relying on a prior determination of blight, to submit alternative acceptable documentation when reasonable efforts to obtain official notarized documentation from the county assessor have been unsuccessful; and providing for a delayed effective date.

Discussion

Section 74-302 currently requires that any CID requesting a finding of blight—or relying on a prior determination of blight—to submit notarized documentation from the relevant county showing the total assessed valuation of each parcel within the proposed district for the past five tax years. In some cases, a CID may be unable to meet this requirement despite making reasonable, well-documented efforts to obtain the necessary documentation. To prevent such situations from delaying or blocking a CID petition, staff recommends amending Section 74-302 to allow the use of alternative official documentation, provided the CID also submits evidence of its attempts to obtain the notarized county records.
