County	Jackson
School District	Kansas City

Surrounding Land Uses

North: Commercial, UR
South: Commercial, UR
East: Undeveloped, UR
West: Commercial, B3-2

KC Spirit Playbook Alignment

CD-CPC-2025-00113: Medium

Land Use Plan

The Midtown/Plaza Area Plan recommends Mixed Use Community for this location. The proposed plan has a medium alignment with this designation. See Criteria A for more information.

Major Street Plan

Broadway Boulevard is identified as a Boulevard in this location.

Approval Process

Overview

The applicant is seeking approval of a rezoning from District UR (Urban Redevelopment) to B3-2 (Commercial) on about 0.2 acres generally located 200 feet south of the intersection of West 39th Terrace and Broadway Boulevard to allow for a larger variety of permitted uses at this site.

Existing Conditions

The subject site is currently completely covered by an existing commercial structure.

Neighborhood(s)

This site is located within the boundaries of the Heart of Westport Neighborhood Association, Old Westport Neighborhood Association and Midtown KC Now Community Organization.

Required Public Engagement

Section 88-505-12, Public Engagement does apply to this request. The applicant hosted a meeting on August 20, 2025. A meeting summary is attached; see Attachment #2.

Controlling + Related Cases

14265 - UR - Approved a rezoning of the entire block bound by 39th Terrace, 40th Street, Broadway Boulevard and Central Street from Districts R-1.5/B3-2 to District UR (Urban Redevelopment), approved via Ordinance No. 120221 by City Council on March 22, 2012.

Project Timeline

The application was filed on July 16, 2025. No scheduling deviations have occurred.

Professional Staff Recommendation

Docket #4 Approval

PLAN REVIEW

The applicant is requesting to rezone approximately 0.2 acres from District UR (Urban Redevelopment) to District B3-2 (Community Business). The rezoning request does not require an accompanying development plan. Approval of the rezoning would allow the applicant to expand the uses allowed on site to those allowed in the B3-2 Zoning District. The current UR Plan only allows this property to be used as a medical office. This proposed rezoning would allow for flexibility of future property owners, removing the restrictions of the current UR plan.

SPECIFIC REVIEW CRITERIA

Rezoning, Zoning and Development Code Map Amendments (88-515-08)

In reviewing and making decisions on proposed zoning map amendments, the City Planning and Development Director, City Plan Commission, and City Council must consider at least the following factors:

A. Conformance with adopted plans and planning policies.

The Midtown/Plaza Area Plan recommends future land use of Mixed Use Community at this location, which corresponds with the B3-2 zoning district. No area plan amendment is required for this rezoning proposal.

"This rezoning without a plan removes the property from a UR (Urban Redevelopment) Zoning District that covers most of the block and converts it to the B3-2 base Zoning District. Without a plan, it is difficult to assess impacts, but as an existing building, there will likely be

minimal changes. No future land use amendment is required as this corridor is predominantly B3 with a Community Mixed-Use Future Land Use. Future plans should preserve the existing building and be mindful of its context at the edge of Westport. " - Luke Ranker, 4th District Planner, Community Planning Division

B. Zoning and use of nearby property.

The properties to the north, east and south are all under same UR (Urban Redevelopment) Plan (14265-UR). The properties within the UR were approved for the specific uses on each lot, including retail, restaurant, office, single family and multi-family residential. Properties to the west are all zoned B3-2 and consist of retail, institutional and gasoline and fuel sales uses.

C. Physical character of the area in which the subject property is located.

Adjacent properties consist of retail and eating and drinking establishments with the exception of a church and a gasoline and fuels sales establishment.

D. Whether public facilities (infrastructure) and services will be adequate to serve development allowed by the requested zoning map amendment.

There is existing public infrastructure serving the site. Utilities and infrastructure will brought to current city standard if future development is proposed.

E. Suitability of the subject property for the use to which it has been restricted under the existing zoning regulations.

The current UR Plan restricts the site to only one use, a medical office, the building now remains vacant. The proposed rezoning will change the zoning to B3-2 which will allow for a variety of uses, such as retail, eating and drinking establishments and other uses commonly found in the surrounding area. The building is currently being listed as a commercial storefront. The property is well suited for uses within the B3 Zoning District, as it will match the uses and character of the surrounding properties.

F. Length of time the subject property has remained vacant as zoned.

The property has been vacant since 2023, when the previous tenant, Davita Dialysis, left the site.

G. The extent to which approving the rezoning will detrimentally affect nearby properties.

The rezoning will not detrimentally affect nearby properties. Instead of a vacant storefront, a commercial use can occupy the building and have a positive affect on the nearby properties. Such as increasing pedestrian activity and bringing people to the area.

H. The gain, if any, to the public health, safety, and welfare due to denial of the application, as compared to the hardship imposed upon the landowner, if any, as a result of denial of the application.

A denial of the application will not provide any gain to the public health, safety and welfare as the property would most likely remain vacant. If the property owner could fill the space with a medical office tenant, then the rezoning would not be required. The current zoning imposes

a hardship on the property owner with only one use being allowed at the site as the UR Plan is today.
