WHEREAS, the City of Kansas City, Missouri, a constitutional charter city and municipal corporation of the State of Missouri (the “City”) is authorized pursuant to the provisions of Article VI, Section 27(b) of the Missouri Constitution, as amended, and Sections 100.010 to 100.200, inclusive, of the Revised Statutes of Missouri, as amended, and the City of Kansas City Charter (collectively, the “Act”), to issue its revenue bonds for the purpose of carrying out a project or projects under the Act, such revenue bonds to be paid solely from revenue received from such project, and to enter into a lease of certain property associated with the Project to be financed with the proceeds of such revenue bonds with any person, firm or corporation; and

WHEREAS, the City desires to approve an Industrial Development Plan (the “Plan”) for the purpose of carrying out a development project (the “Project”) for the Company; and

WHEREAS, the City intends to issue its Taxable Industrial Revenue Bonds (Progress Rails Services Corporation Project), in one or more series (the “Bonds”), for the purpose of furthering the Project to be located 5600 Stilwell Street in the City (the “Project Site”); and

WHEREAS, notice of the Project was given to the taxing jurisdictions in accordance with the Act; and

WHEREAS, the Council has heretofore and does hereby find and determine that it is desirable for the economic development of the City and within the public purposes of the Act that the Council approve a Chapter 100 Industrial Development Plan as proposed by the Company; and that the City issue the Bonds, as more fully described in the Indenture and in the Lease, as hereinafter defined and authorized, proceeds of which shall be used for the purchase and construction of certain property associated with the Project and which shall be located at the Project Site and leased by the City to the Company, with an option to purchase; and

WHEREAS, the principal amount of the Bonds will be issued in taxable Chapter 100 bonds, with ten years of property abatement at 100% (but with fixed annual payments-in-lieu-of-taxes due from the Borrower equaling 10% of the estimated amount of property taxes the property would have paid in each year of abatement if it had been fully taxed); and

WHEREAS, for a Chapter 100 bond issuance, the City Council has previously established a policy (Ordinance No. 041033) reaffirmed by Second Committee Substitute for Ordinance No. 160383, as amended, as modified by Second Committee Substitute for Ordinance 200497, as amended (the "Chapter 100 Policy") for the review and approval of these projects, one component of which suggests a maximum bond term of 10 years and another of which suggests payments-in-lieu-of-taxes (PILOTS) at a level of no less than 50% of the amount the property would have paid if it had been fully taxed, to the affected taxing jurisdictions during the term of the bonds; and

WHEREAS, the Council wishes in this instance to waive its Chapter 100 policy suggesting the minimum PILOT percentage and maximum bond term to provide for PILOTS at a level of 10% of the amount the property would have paid if it had been fully taxed and a period to substantially complete the Project not later than the third anniversary of the date of approval of this Ordinance, with property tax abatement to be in effect for 10 years for each portion of the Project, and

WHEREAS, the Chapter 100 Policy requires the preparation of a financial return analysis to determine the economic viability of economic development projects and whether and to what extent such projects warrant public assistance; and

WHEREAS, the City Council wishes to confirm in this instance that the cost benefit analysis prepared by the Economic Development Corporation of Kansas City in conjunction with preparation of the Plan satisfies the intent of the policy for a business attraction project; and

WHEREAS, the principal amount of the Bonds will be advanced over a period of not to exceed three years following approval of this Ordinance such that the Project is substantially complete by that date; and

WHEREAS, the Bonds will be advanced commensurate with the City's incremental acquisition of the property comprising the Project, and such property will be leased by the City to the Company for a period of not to exceed ten years following acquisition thereof (subject to earlier termination as provided in the Lease); and

WHEREAS, the City Council has determined that the project serves a predominantly public municipal purpose because, without limitation, completion of the project (i) enhances the tax base; (ii) retains and creates jobs; (iii) promotes economic development in the area of the City in which the project is located; (iv) results in generation of tax revenues to the City from the conduct of business and other activities in the City that would not otherwise occur; (v) serves as a catalyst for additional investment in and further redevelopment and rehabilitation of the area of

the City in which the project is located; and (vi) furthers the City's policy of encouraging economic stability and growth; and

WHEREAS, the City further finds and determines that it is necessary and desirable in connection with the Project and the issuance of the Bonds that the City enter into certain documents, and that the City take certain other actions and approve the execution of certain other documents as herein provided; NOW, THEREFORE,
