f. Successor Directors. Successor Directors shall be appointed by the Mayor with the consent of the City Council by resolution according to slates submitted to the City Clerk of the City (the “City Clerk”) by the Executive Director, as provided below in this Paragraph, with due regard to the required geographic distribution set forth in clause (e) above:

- (1) the Mayor shall appoint the Successor Directors according to the slates submitted, and the City Council shall consent by resolution to the appointment; or

With respect to special assessments on real property owned by the City or any other governmental body or political subdivision whose real property is not legally subject to the District’s special assessments pursuant to applicable law because such real property is owned by a governmental body or political subdivision (a “Governmental Body”), such Governmental Body’s joinder in this Petition as a Petitioner does not override the status of such Governmental Body’s real property as unassessable by the District. Notwithstanding the foregoing, any such Governmental Body may nevertheless agree to make voluntary payments in lieu of such special assessments in any amounts such Governmental Body from year to year appropriates for such purpose.

**FIVE YEAR DISTRICT MANAGEMENT PLAN  
OF THE  
CROSSROADS COMMUNITY IMPROVEMENT DISTRICT  
CITY OF KANSAS CITY, MISSOURI**

**The information and details outlined in the following pages represent the strategies, and activities that it is anticipated will be undertaken during the initial five-year duration of the Crossroads Community Improvement District in Kansas City, Missouri. It is an integral and composite part of the petition to establish the Crossroads Community Improvement District.**

---

---

## **Introduction**

The Crossroads Community Improvement District (the “District”) is created pursuant to Section 67.1401 through 67.1571 of the Revised Statutes of Missouri (the “CID Act”). Section 67.1421, RSMo, requires that the petition for the creation of the District be accompanied by a five-year plan which includes a description of the purposes of the proposed District, the services it will provide, the improvements it will make, an estimate of the costs of these services and improvements to be incurred, the anticipated sources of funds to pay the costs and anticipated term of such sources.. This Five-Year District Management Plan (the “Plan”) is intended to satisfy this statutory requirement, and is appended to the Petition for Formation of the District as an integral part thereof. Capitalized terms used but not defined in this Plan have the meaning given to such term in the Petition to which this Plan is appended, except as otherwise stated.

### **Section 1 - What is a Community Improvement District?**

A community improvement district is an entity that is separate from the City of Kansas City and is formed by the adoption of an ordinance by the City Council following a public hearing before the City Council regarding formation of the District. A CID may take the form of a political subdivision of the State of Missouri, or a nonprofit corporation that is formed and operated under Missouri corporation laws. CIDs are empowered to provide a variety of services and to construct and/or finance a number of different public improvements (and in a blighted area, to demolish and remove, renovate, reconstruct, or rehabilitate private improvements subject to certain conditions). CIDs derive their revenue from taxes and assessments levied within the boundaries of the CID. Such revenues are then used to pay the costs of the services or improvements. A CID is operated and managed by a board of directors, whose members may be appointed or elected. Board members serve for a designated period of time, and the Board positions are again elected or appointed at the expiration of each term.

### **Section 2 - Why Create this Community Improvement District?**

The District is located in the Crossroads Art District in Kansas City, a vibrant neighborhood that serves as a destination for residents and tourists, and the home of First Friday, one of the City’s most popular events. The purpose of the District is to undertake certain improvements and provide certain services within the District, and to make strategic and visible improvements in the streetscape and safety of the neighborhood while maintaining its unique and authentic character. The District will improve the community by bettering conditions for current businesses and residents, and will provide and enhance greenspace, streetscape, security, trash, and graffiti removal services. Additionally, it is intended that the District will manage the First Friday events.

### **Section 3 - Management Plan Summary**

The District in this case will take the form of a separate political subdivision of the State of Missouri, which will be governed by a Board of Directors that will consist of nine (9) members appointed by the Mayor of Kansas City with the consent of the City Council pursuant to slates submitted in accordance with the Petition.

*District Formation:*

CID formation requires submission of signed petitions from a group of property owners:

- collectively owning more than fifty percent (50%) by assessed value of the real property within the District, and
- collectively representing more than fifty percent (50%) per capita of all owners of real property within the District.

In this case, the Petition to which this Plan is attached has been signed by the requisite parties.

*Location:*

The District is located in Kansas City, Jackson County, Missouri, comprising an area generally described as south of Truman Road, north of the Kansas City Terminal railway Right of Way/22<sup>nd</sup> Street, east of I-35, and west of Troost Avenue. Please refer to the legal description of the District attached to the Petition as Exhibit A and the map of the District attached to the Petition as Exhibit B, which are specific and controlling.

*Method of Financing:*

It is proposed that the District will (1) assuming approval by the Qualified Voters, impose the District Sales Tax and (2) assuming receipt of a Petition meeting the requirements of Section 67.1521, RSMo, as amended, levy the District Special Assessments as described in the Petition. All costs of the District shall be financed in the manner and amount determined by the Board of Directors and be repayable from the amounts on deposit with the CID.

*Estimated Costs:*

Attached as **Exhibit A** to this Plan is a table setting forth the estimated cost of the improvements and services, and the projected cash flow for the first ten years of the District's existence.

*City Services:*

The CID Act mandates that existing City services will continue to be provided within a CID at the same level as before the District was created (unless services are decreased throughout the City) and that District services shall be in addition to existing City services. The District anticipates that City services will continue to be provided within the District at the same level as before the District was created, and the District will not cause the level of City services within the District to diminish.

*Duration:*

The District will continue to exist for a term of ten (10) years following the effective date of the Ordinance establishing the District, unless the City extends the term of the District as provided by 67.1481, RSMo. The District may be terminated prior to the expiration of its full term in accordance with the provisions of the CID Act and other applicable law, including Article VII of Chapter 74 of the City's Code of Ordinances, as amended from time to time (the "City CID Ordinance").

**Section 4  
District Boundaries**

The legal description of the District is attached as Exhibit A to the Petition.

**Section 5  
Facilities and Services to Be Provided**

District Revenue is intended to be used to create and maintain a safe, beautiful and vibrant neighborhood, and make the area more appealing and attractive to visitors, businesses and residents in the District. District Revenue will be used to pay for enhanced and additional landscape and streetscape, ongoing landscape maintenance and service, graffiti removal services, trash and waste management, First Friday event management, and security within the District, as well as District administrative costs. The District is not anticipated to construct or install any public or private improvements other than landscaping and streetscape.

**Section 6  
Governing the Community Improvement District**

*City Council:*

Following the submission of the Petition, the City Council will conduct a public hearing and then consider an ordinance to create the District.

*Board of Directors for District:*

The District will be governed by a Board of Directors that will consist of nine members appointed by the Mayor of Kansas City, Missouri with the consent of the City Council. It is anticipated that if the proposed successor directors are identified in writing, the Mayor shall appoint such directors as successor directors, with the consent of the City Council, unless such suggested successor directors do not meet applicable legal requirements or lack the competency to serve as directors.

*Annual Budget:*

The District's budgets will be proposed and approved annually, within the limitations set forth in this Plan, by the District's Board of Directors. Budgets will be submitted annually to the City Council of the City of Kansas City for review and comment in accordance with the CID Act.

The District will operate at all times in accordance with the District Rules and Regulations (Section 7) and the Bylaws of the District.

**Section 7**  
**District Rules and Regulations**

1. The District shall operate at all times in accordance with Bylaws that may be adopted by the Board of Directors. The District shall at all times conduct its proceedings in accordance with Robert's Rules of Order, except as otherwise provided in any Bylaws.
2. The Board of Directors of the District will meet at least on an annual basis.
