[illegible]

Public Works is utilizing AtkinsRealis to provide consultant services for streetcar vehicle procurement, design and production oversight activities in the Streetcar Main Street Extension (MSE) Project. The proposed Amendment #4 will authorize funds for continuation of these services, including support for the warranty phase of the vehicle procurement through April 2027, and support for completion of existing fleet subsystem retrofits. \$1,230,213.00 in costs are eligible for 49.49% reimbursement through the MSE Capital Investment Grant project.
