Budget Adjustment

120427

Ordinance Number

Brief Title	Approval Deadline
Public Health Emergency Planning and Preparedness	

Details

Reason for Legislation

This ordinance is to accept an amendment contract with the Missouri Department of Health and Senior Services to provide public health emergency planning and technical assistance to partner agencies for preparedness in the event of a public health emergency in Kansas City and State Region A.

Discussion

The Kansas City Health Department was selected after Sept 11 2001 to be the recipient of a regional public health emergency and preparedness grant to provide resources to Kansas City and the surrounding area. These funds are dedicated to staff response planners to develop a plan to respond to any public health emergency, to work with and coordinate with local emergency management to provide a public health component as a first responder agency. These plans become part of the City response to emergencies. The staff also provide technical assistance to other counties in the metropolitan area to improve their capacity and response.

Is it good for the children?

Many of the Health Departments programs are specifically designed for the betterment of health in all citizens. This Program specifically targets the health in both adults and children.

How will this contribute to a sustainable Kansas City?

Many public health programs are funded based on the need of the community and the impact upon individual citizens and high risk groups. Promoting economic vitality, social equity and environmental quality in addressing public health initiatives is oftentimes dependent upon federal, state and local funding; however, the goal of these programs is to promote and protect all citizens of Kansas City on a continuing, ongoing and sustainable basis.
