

Resolution Request R-2015-00667

Amending Resolution 150141 by repealing Section 2 and enacting a new Section 2 to remove the requirement that the City Manager's policy include certification of Women's Business Enterprises by an entity other than the City.

WHEREAS, the City Council wishes to ease the process for document submission for women-owned businesses seeking certification as a Women's Businesses Enterprise (WBE) with the City; and,

WHEREAS, the City Council adopted Resolution 150141 on March 5, 2015, directing the City Manager to develop a policy that included certification of WBEs by an entity other than the City; and,

WHEREAS, the City Council desires to recognize other entities as an advisory for women-owned businesses seeking certification but does not intend for other entities to actually certify women-owned businesses as WBEs for the Kansas City program; NOW, THEREFORE,

BE IT RESOLVED BY THE COUNCIL OF KANSAS CITY:

Section 1. That Section 2 of Resolution No. 150141 is hereby deleted in its entirety and replaced with the following:

Section 2. That the Council directs the City Manager to develop a plan by August 31, 2015, describing the process for the City to receive from recognized outside entities documentation for firms seeking City WBE certification and for the City to evaluate that documentation for City WBE certification eligibility.
