SECTION II

PURPOSES OF CID AND SERVICES PERFORMED DURING FISCAL YEAR 2025:

The Brookside CID promotes economic development, works to maintain the character of the district, and supports the general welfare of the community. The CID coordinates efforts to improve the district, plans for and implement services and improvements, and shares the costs incurred by the district through sales taxes, real estate taxes, event fees, and other charges.

Business support services include supplementary common area landscaping maintenance, supplementary snow removal, supplementary litter abatement, solid waste and recycling (paper and glass) collection and removal, maintenance of street furniture, supplementary security, shared parking maintenance, and general beautification efforts. Additional services may be provided annually as approved by the Board with the annual budget.

Promotional services include website management, social media management, hosting, managing, and marketing of special events, inclusion in electronic newsletters, and general promotion of the area. Fiscal year 2025 public services included hosting an annual free paper shredding event, Art Annual (annual art show), St. Patrick's Day Warm Up Parade, Trick or Treat Street and other events which promote Kansas City as well as the greater Brookside area.

Other merchant and public services included, coordinated communications, coordinated public safety efforts, local coordination for public and private improvement projects, and general advocacy for the district and surrounding neighborhoods.

Budgeting for FY 2025 was conservative, following the closing of additional businesses in the CID boundary and increased costs for several services including trash service and security. Sales tax collected was greater than anticipated due to inflation and increased prices, and the

opening of a new business. The FY 2025 budget included carryover funds from reserves to be used for special improvement projects and to balance the 2025 budget. A portion of the projected improvements were made, while others were delayed due to construction projects and delayed execution of lease agreements. Over 60% of the FY 2025 budget expenses were for public improvements.
