## VIA HAND DELIVERY

Kansas City City Council  
414 E. 12th Street  
Kansas City, MO 64106

Re: **Tiffany Frolics Community Improvement District**

Dear City Council:

The undersigned represents GREAT CORNER – TPS, L.L.C., a Missouri limited liability company (“**Petitioner**”), which is the majority owner of the property located generally South of NW Barry Road and East of NW Prairie View Road (the “**Property**”) in the City of Kansas City (the “**City**”), as more particularly described in the Petition for the Creation of a Community Improvement District. Petitioner intends to petition the City Council of Kansas City to hold a public hearing and adopt an ordinance to establish the Tiffany Frolics Community Improvement District (the “**District**”). Pursuant to Section 74-303(c) of the Second Committee Substitute for Ordinance No. 210565, please accept this detailed letter addressing the District’s compliance with the City’s requirements to establish a community improvement district.

### **1. Alignment with City Goals & Benefits to the Community:**

The proposed District is composed of ten (10) parcels of land containing approximately 7.31 acres and, pursuant to that certain 2025 Blight Study prepared by Sterrett Urban, LLC, is deemed to be a “blighted area”, as that term is used and defined in the CID Act. Consistent with City’s comprehensive plan, applicable area plan, and economic development policies, the District is committed to remediating blight and funding community services.

As provided in the Blight Study, determining the point in time that blighting factors and conditions might reasonably have been determined to first occur and remain unabated is especially difficult with properties in which assessed values have stagnated for more than five years. In the

case of the proposed District, maintenance was provided as best as possible, but may very well have been impacted by high vacancy rates that diminish cash flow and capital maintenance outlays.

The City's KC Spirit Playbook Plan, adopted on April 20, 2023, by Resolution No. 230257, contains certain objectives, visions statements, and goals for the City's overall development, and included among those objectives are providing walkable, clean, and safe communities for residents and visitors, increasing the physical beauty of the City, and promoting high-quality design in public spaces and private development. The revenue of the proposed District will be used for various public improvements and services, including but not limited to, removal and replacement of deteriorated concrete sidewalks, curbs, and roofing, milling and overlaying asphalt paving, refurbishing building facades, sidewalk canopies and sign bands, reconstructing trash enclosures, landscaping, signage, parking and exterior LED lighting enhancements. The District will prioritize the completion of exterior improvements and the aforementioned public improvements.

The benefits to the community will be the removal of blighting conditions and the enhancement of the physical beauty along the streets and infrastructure in a high-traffic area on NW Barry Road and NW Prairie View Road. Furthermore, less than twenty-five (25%) of the District revenue shall be used to fund the remediation of blighting conditions located on the interior of any private property located within the District.

## 2. Existing CIDs:

There are no existing community improvement districts within the boundaries of the proposed District.

## 3. District's tax rate:

Below is a breakdown of the taxes imposed on the Property by the taxing jurisdictions. If the Petition is approved, the CID would levy a sales and use tax at a rate not to exceed one percent (1%) on all retail sales made in the District which are subject to taxation, except as prohibited by Section 67.1545, R.S.Mo. The proposed taxation rate aligns with other CIDs in the City. The below sales tax breakdown was provided by the City's Finance Department.

The City's current sales tax rates are as follows:

Taxing Entity	Tax Rate
State of Missouri	4.225%
City of Kansas City	3.250%
Platte County	1.250%
TOTAL:	8.725%

The City's current sales tax rates are comparable to those of neighboring cities in Missouri, such as North Kansas City, Liberty, and Raytown, which sales tax rates are as follows:

Taxing Entity	Tax Rate
North Kansas City, Missouri	7.7250%
Liberty, Missouri	8.8500%
Raytown, Missouri	8.4750%

The above tax information was provided by the City's Finance Department.

#### 4. Term:

If the Petition is approved, the District will continue to exist and function until the date which is twenty-seven (27) years from the date of the ordinance establishing the District. In accordance with Section 74-302(b) of the Code of Ordinances of Kansas City, Missouri, the term of the District may be extended up to twenty-seven (27) years because the sales tax revenue will be used to repay debt ("District Obligations") issued to fund capital improvements, blight removal, or both, and the District Obligations are not anticipated to be fully repaid during the term of the District. The District may be terminated prior to the stated expiration date in accordance with the provisions of the CID Act, and upon the full satisfaction and defeasance of the District Obligations. The owners of Property within the boundaries of the District shall have the right to petition the City Council to terminate the District at any time in accordance with the CID Act.

If you would like to discuss this matter further, please do not hesitate to contact me at my direct line which is included above. We look forward to working with the City on this exciting project.

## PETITION FOR THE CREATION OF A COMMUNITY IMPROVEMENT DISTRICT

To the City of Kansas City, Missouri:

This petition (“**Petition**”), for the creation of a community improvement district within a certain limited portion of the City of Kansas City, Missouri (the “**City**”), is filed with the Clerk of the City (the “**City Clerk**”) and submitted to the City in accordance with the Community Improvement District Act, Sections 67.1401 to 67.1571 of the Revised Statutes of Missouri, as amended (the “**CID Act**”).<sup>1</sup>

The undersigned (collectively or individually as context may require, the “**Petitioner**”) is the owner or representative of the owner of record of more than fifty percent (50%) (a) by assessed value of all real property within the hereinafter described community improvement district, and (b) per capita of all owners of real property within the hereinafter described community improvement district.

Petitioner hereby petitions and requests that the City Council of the City (the “**City Council**”) hold a public hearing to approve and adopt this Petition and create a community improvement district, to be known as the TIFFANY FROLICS COMMUNITY IMPROVEMENT DISTRICT (the “**District**”), as described herein and in accordance with the CID Act.

In support of this Petition and request, Petitioner states as follows:

### 1. DESCRIPTION OF THE DISTRICT

#### A. Name of District

The name of the District shall be the “**Tiffany Frolics Community Improvement District**.”

#### B. Legal Description

The District includes all of the real property legally described on Exhibit A, attached hereto and incorporated herein by reference (the “**District Property**”).

#### C. Boundary Map

A map graphically depicting the boundaries of the District, which boundaries are contiguous, is included on Exhibit B, attached hereto and incorporated herein by reference (the “**District Boundary Map**”).

### 2. FIVE YEAR PLAN

A five-year plan for the proposed District providing a description of the purposes of the District, the services it will provide, the improvements to be made in the District, an

estimate of the costs of such services and improvements, the anticipated sources of funds to pay the costs, and the anticipated term of the sources of funds to pay the costs is attached hereto as Exhibit C, and incorporated herein by reference.

3. **GOVERNANCE OF THE DISTRICT**

A. Type of District

The District shall be a separate political subdivision of the State of Missouri and shall have all of the powers granted to and/or exercisable by a community improvement district pursuant to the CID Act, except as otherwise expressly limited to by the provisions of this Petition, and shall be governed by a Board of Directors.

B. Board of Directors

1. Number

The District shall be governed by a Board of Directors (the “**Board**”) consisting of five (5) directors (the “**Directors**”, or individually a “**Director**”).

2. Qualifications

Each Director, during the entire term, shall meet the following requirements:

- (a) be at least 18 years of age;
- (b) be and must declare to be an owner of real property within the District (“**Owner**”) or an authorized representative of an Owner, an owner of a business operating within the District (“**Operator**”) or an authorized representative of an Operator, in either case being an “**Owner Director**”.
- (c) be a citizen of the State of Missouri for at least one year prior to taking office; and
- (d) Except for the initial Directors named in this Petition, be appointed as described in this Petition.

3. Board Representation

Pursuant to Section 67.1451.2(3) of the Act, at least one Director shall be a person that resides within the City, is qualified and registered to vote under Chapter 115, RSMo, according to the records of the election

authority as of the thirtieth day prior to the date of appointment, has no financial interest in any real property or business operating within the District, and is not a relative within the second degree of consanguinity or affinity to an owner of real property or a business operating in the District, such person being a “**Resident Director**.”

4. The Initial Directors

The initial Directors to serve on the Board of Directors and their respective terms shall be the following individuals, to be appointed as representatives of the Petitioner:

NAME	Classification	TERM
Amy Ehlers	Resident	Two Years
Russ Cline	Owner	Two Years
Angie Rogers	Owner	Two Years
Ryan Cline	Owner	Four Years
Jay Friedman	Owner	Four Years

5. Terms

The initial Directors named above shall serve for the terms set out opposite their names or until their successor is appointed in accordance with this Petition and their successors shall serve for four-year terms or until their successor is appointed in accordance with this Petition. In the event for any reason a Director is not able to serve his or her full term (“**Exiting Director**”), any vacancy to the Board shall be filled by appointment of a Director (“**Interim Director**”) by a majority vote of the Board. Any Interim Director shall be of the same Classification as the Exiting Director, unless otherwise stated in the bylaws adopted by the Board upon formation of the District, as they may be amended from time to time.

6. Successor Directors

Successor Directors, selected to serve a new term on the Board, shall be appointed by the Mayor of the City with the consent of the City Council by resolution according to a slate submitted to the City Clerk by the Board. The City Clerk shall deliver the slate to the Mayor and the City Council. Following the date the slate is submitted to the City Clerk:

- (a) The Mayor shall appoint the successor Directors according to the slate submitted and the City Council shall consent by resolution to the appointment; or
- (b) the Mayor or the City Council may reject the slate submitted and

request in writing with written reasons for rejection of the slate that the Board submit an alternate slate.

If an alternate slate is requested, the Board shall, within 10 days following receipt of the written request, submit an alternate slate to the City Clerk. The City Clerk shall deliver the alternate slate to the Mayor and the City Council. Following the date the alternate slate is submitted to the City Clerk:

- (c) the Mayor shall appoint the successor Directors according to the alternate slate submitted and the City Council shall consent by resolution to the appointment; or
- (d) the Mayor or the City Council may reject the alternate slate submitted and request in writing with written reasons for rejection of the alternate slate that the Board submit another alternate slate.

The procedure described above shall continue until the successor Directors are appointed or deemed to be appointed by the Mayor with the consent of the City Council.

The Board shall select the slate as follows:

- (e) individuals meeting the qualifications set out in this Petition must be nominated by an Owner;
- (f) the Directors shall then vote for a slate of nominees who shall consist of the number needed to fill vacancies and the seats of expiring terms; and
- (g) the slate shall consist of the nominees classified so that the Board will meet the representation requirements set out in Subsection 3.B.3.

#### 4. **REAL PROPERTY TAXES; BUSINESS LICENSE TAXES**

The District does not seek to submit to qualified voters any proposition to levy real property taxes or business license taxes. Therefore, the maximum real property tax levy is zero and the maximum rate of a business license is zero.

#### 5. **SPECIAL ASSESSMENTS**

The District does not seek to submit to qualified voters any proposition to levy a special assessment.

#### 6. **SALES TAXES**

The District shall have the authority, upon and by approval of the qualified voters of the District, to impose by resolution a sales and use tax at a rate not to exceed one percent (1%) on all retail sales made in the District which are subject to taxation, except as prohibited by Section 67.1545, R.S.Mo. (the “**CID Sales Tax**”). The District shall maintain the levy of the CID Sales Tax at such rate until the earlier of the full satisfaction and defeasance of the District obligations or the termination of the District.

7. **ASSESSED VALUE**

As of the date of this Petition, the total assessed value of all of the real property within the District, as reported by the Platte County’s Assessor’s Office, is \$1,440,167.00. As depicted on Exhibit D, Petitioner owns real property within the District currently assessed at \$838,494.00 representing 58% of the assessed value of all of the real property within the District.

8. **BLIGHT DETERMINATION REQUEST**

Petitioners seek a determination of blight for the District Property. A Blight Study Report, prepared by third-party consultant Sterrett Urban, LLC, addressed compliance with the factors for a finding of blight as stated in the CID Act and is attached hereto as Exhibit E (the “**Blight Study**”). In order to permit the District to expend its revenues or loan its revenues pursuant to a contract entered into in accordance with Section 67.1461.2(2), RSMo, the Petitioners further request that the City Council determine that the use of District revenues as described herein and pursuant to contracts to finance the renovation, reconstruction or rehabilitation of buildings and structures within the District and related improvements to the sidewalks, curbs, drive aisles, and parking lots within the District is reasonably anticipated to remediate the blighting conditions within the District and will serve a public purpose by the removal of blighting conditions and the enhancement of the physical beauty along the streets and infrastructure in a high-traffic area. The District’s blight remediation schedule is included in Exhibit F, each attached hereto and incorporated herein by reference.

Determining the point in time that blighting factors and conditions might reasonably have been determined to first occur and remain unabated is especially difficult with properties in which assessed values have stagnated for more than five years. In the case of the proposed District, maintenance was provided as best as possible, but may very well have been impacted by high vacancy rates that diminish cash flow and capital maintenance outlays. As noted in the Blight Study, the capital cost to revitalize the District is substantial enough to require some form of external financial assistance to make such revitalization feasible, as the cash flow generated by the property simply cannot support the necessary cost of capital, as the vacancy rate for the District currently exceeds 27% (which is significantly higher than the current 1.6% average vacancy rate for small space retail in Platte County, Missouri). Information on the maintenance of the District Property during the previous five (5) years is outlined in Exhibit G, attached hereto and incorporated herein by reference.

9. **AUDIT**

The City Auditor shall have the right to examine or audit the records of the District and shall require that the District make such records available to the City Auditor within ten (10) days after a written request for the same is made.

10. **LIFE OF DISTRICT**

The District will continue to exist and function until the date which is twenty-seven (27) years from the date of the ordinance establishing the District. Pursuant to Section 74-302(b) of the City's Code of Ordinances, throughout the life of the District, the sales tax revenue will be used to, among other things, repay debt ("District Obligations") issued to fund blight removal and to fund capital improvements. The District may be terminated prior to the stated expiration date in accordance with the provisions of the CID Act, and upon the full satisfaction and defeasance of the District Obligations. The owners of real property within the boundaries of the District shall have the right to petition the City Council to terminate the District at any time in accordance with the CID Act.

11. **REQUEST TO ESTABLISH DISTRICT**

By execution and submittal of this Petition, the Petitioner requests that the City Council hold a public hearing in accordance with section 67.1421 of the CID Act and adopt an ordinance to establish the District as set out in this Petition and in accordance with the CID Act and this Petition.

12. **NOTICE TO PETITIONER**

The signatures of the Petitioners may not be withdrawn later than seven (7) days after this Petition is filed with the City Clerk.

13. **BORROWING CAPACITY AND REVENUE GENERATION**

Petitioner does not seek limitations on the borrowing capacity or revenue generation of the District.

14. **NO POWER LIMITATION**

Petitioner does not seek limitations on the powers of the District.

15. **SEVERABILITY; CONFLICTS**

If any provision of this Petition shall be held or determined to be invalid, inoperative or unenforceable as applied in any particular case, or in all cases, because it conflicts with any other provision or provisions of this Petition or for any other reason, such circumstances shall not have the effect of rendering the provision in question inoperative or unenforceable in any other case or circumstance, or of rendering any other provision

contained in this Petition invalid, inoperative or unenforceable to any extent whatsoever. The undersigned request that the City Council of the City of Kansas City, Missouri establish the Tiffany Frolics Community Improvement District according to the preceding Petition and authorize the creation of the District.

### Boundary Map of the District

The boundaries of the District are outlined as shown on the map below.

## Exhibit C

### **FIVE-YEAR PLAN THE TIFFANY FROLICS COMMUNITY IMPROVEMENT DISTRICT**

The Petitioners of the foregoing Petition for the Creation of a Community Improvement District (the "Petitioner") proposes to create the Tiffany Frolics Community Improvement District (the "District") pursuant to the Community Improvement District Act, Sections 67.1401 to 67.1571, RSMo, as amended, (the "CID Act"). Section 67.1421 of the CID Act requires that the petition for the creation of the proposed District be accompanied by a five-year plan, which includes a description of the purposes of the proposed District, the services it will provide, the improvements it will make, an estimate of the costs of these services and improvements to be incurred, the anticipated sources of funds to pay the costs, and the anticipated term of the sources of funds to pay the costs. This Five-Year Plan (this "Plan") is presented in order to comply with the statutory requirement referenced above.

This Plan contains the following: (A) a description of the location and formation of the proposed District; (B) a description of the anticipated sources of funds to pay the costs, the anticipated term of the sources of funds to pay the costs and a description of the anticipated proposed District revenues over a five-year period; (C) a summary of the improvements and services to be provided by the proposed District over a five-year period; (D) an estimate of costs of the services and improvements to be incurred over a five-year period; (E) a description of the governance of the proposed District; and (F) an anticipated schedule for the proposed District's improvements, activities and services over a five-year period. This Plan is an integral and composite part of the Petition for the Creation of a Community Improvement District (the "Petition") to which it is attached and incorporated therein by reference.

#### **A. District Location and Formation**

The proposed District is composed of ten (10) parcels of land containing approximately 7.31 acres. The proposed District is generally located between Barry Road on the north, NW Prairie View Road on the east, NW 81<sup>st</sup> Street on the south (extended), and N Berkley Avenue (extended) and NW Milrey Drive (extended) on the west, in the City of Kansas City, Platte County, Missouri (the "City"). The parcel locator numbers are 20-1.0-12-400-002-063.000, 20-1.0-12-400-002-064.000, 20-1.0-12-400-002-066.000, 20-1.0-12-400-002-069.000, 20-1.0-12-400-001-005.001, 20-1.0-12-400-001-005.000, 20-1.0-12-400-002-070.000, 20-1.0-12-400-002-068.000, 20-1.0-12-400-002-065.00, and 20-1.0-12-400-002-062.000. The proposed District is contiguous. The District is proposed to be a political subdivision of the State of Missouri.

#### **B. Source of Funds and Anticipated Term**

The proposed District is being formed to raise revenues by imposing an additional sales tax (the "CID Sales Tax") at the rate of one percent (1.0%) on all taxable retail sales within its boundaries which are subject to taxation pursuant to Sections 144.010 to 144.525, RSMo, as amended, except sales of motor vehicles, trailers, boats or outboard motors and sales to or by public utilities and providers of communications, cable or video services. The District shall maintain the levy of the CID Sales Tax at such rate until the earlier of: (i) the full

satisfaction and defeasance of all District obligations or (ii) the date which is twenty-seven (27) years from the date of the ordinance establishing the District.

The imposition of the CID Sales Tax is subject to approval by the qualified voters within the proposed District. To the extent that there are no registered voters within the proposed District, the CID Act provides that the qualified voters are the owners of one or more parcels of real property located within the proposed District. Once the proposed District is established by ordinance of the City, the proposed District's Board will submit the question of whether it shall be authorized to impose the CID Sales Tax to the qualified voters for approval in accordance with this Plan.

Notwithstanding anything in the CID Act, the proposed District does not seek to submit to qualified voters any proposition to levy real property taxes, business license taxes or special assessments.

### **C. Summary of Improvements and Services**

In general, the purpose of the proposed District is to undertake any of the public improvements or provide for any activities or services set forth in the CID Act. The proposed District may provide assistance to or to construct, reconstruct, install, repair, maintain, and equip certain public improvements, and to support business activity and economic development in the proposed District and to provide services and activities as allowed under Section 67.1461 of the CID Act.

Pursuant to Section 67.1461 of the CID Act, the proposed District may acquire by purchase, lease, gift, grant, bequest, devise or otherwise, any real property within its boundaries, personal property, or any interest in such property. The proposed District may also sell, lease, exchange, transfer, assign, mortgage, pledge, hypothecate, or otherwise encumber or dispose of any real or personal property or any interest in such property. The proposed District may also contract with any private property owner to demolish and remove, renovate, reconstruct, or rehabilitate any building or structure owned by such private property owner.

Specifically, the proposed District will provide funding for those powers of a district provided under Section 67.1461 of the CID Act, together with any public improvements, activities or services allowed under the CID Act, including but not limited to, removal and replacement of deteriorated concrete sidewalks, curbs, and roofing, milling and overlaying asphalt paving, refurbishing building facades, sidewalk canopies and sign bands, reconstructing trash enclosures, landscaping, signage, parking and exterior LED lighting enhancements as identified in the table captioned "CID Project Costs" attached hereto (collectively, the "CID Project"). The benefits to the community will be the removal of blighting conditions and the enhancement of the physical beauty along the streets and infrastructure in a high-traffic area on NW Barry Road and NW Prairie View Road. Approximately thirty-two percent (32%) of the revenue generated by the CID will be used for benefits to the public. The proposed District may fund any portion of the costs of acquisition, design, construction, operation, and maintenance of the CID Project. Pursuant to Section 74-302(a)(3) of the City's Code of Ordinance, the District's anticipated improvements and services are further described in the CID Project Costs and the Estimated Five-Year Budget attached to this Exhibit C.

The CID Act mandates that existing City services will continue to be provided within a proposed District at the same level as before the proposed District was created (unless services are decreased throughout the City) and that any proposed District services shall be in addition to existing City services. The Petitioner anticipates that City services will continue to be provided within the proposed District at the same level as before the proposed District was created, and the proposed District will not cause the level of City services within the proposed District to diminish.

#### **D. Estimated Costs**

The total estimated cost of the CID Project over the initial five-year period is approximately \$9,013,323.56 excluding cost of issuance<sup>1</sup>, if any, and the proposed District's administrative fees and expenses, including but not limited to, fees and costs related to the proposed District's formation, planning consultants, advisors, auditors and legal counsel. An estimate of the costs associated with the proposed CID Project is attached hereto and incorporated herein by reference. Additionally, the proposed budget for the first five years of the existence of the District is attached hereto and incorporated herein by reference.

The CID Sales Tax revenues may be used to fund either direct costs of the CID Project or financing costs of the CID Project, or both. To fund any or all of its activities in connection with the exercise of the powers under Section 67.1461 of the CID Act, the proposed District may borrow money from any public or private source and issue obligations or cause obligations to be issued on its behalf, in one or more series, and provide security for repayment of the same as provided in the CID Act. The District does not intend to limit its ability to issue debt under the CID Act.

On an annual basis, revenues from the CID Sales Tax will be applied as follows: (a) first, to fund the on-going administrative costs of the proposed District, the amount of which will be determined by the Board in connection with the adoption of the annual budget of the proposed District, and (b) second, to fund the costs of the CID Project directly or to pay principal and interest on any obligations issued by or on behalf of the proposed District to finance the costs of the CID Project.

#### **E. Governance**

The District will be governed by a Board of Directors (the "Board") consisting of five (5) members appointed by the Mayor with the consent of the City Council, as provided in the Petition and the CID Act. Successor Directors shall be appointed by the Mayor with the consent of the City Council by resolution according to a slate submitted by the Board to the City. The District's budgets and policies will be refined annually, within the limitations set forth in this Plan, by the Board. It is anticipated that the District will enter into a Cooperation Agreement or similar agreement with the City regarding the operation of the District (the "Agreement"), the imposition and collection of the CID Sales Tax, and any other relevant aspects of the overall financing for the CID Project and administration and operation of the District, including reimbursement to the City

---

<sup>1</sup>"Cost of Issuance" shall mean all costs reasonably incurred by the proposed District in furtherance of the issuance of any bonds or notes, singly or in series, issued by or on behalf of the proposed District pursuant to the CID Act, if any, including, but not limited to accrued interest, the fees and expenses of financial advisors, municipal advisors and consultants, the proposed District's attorneys (including issuer's counsel and bond counsel), underwriters' discounts and fees, the costs of printing any obligations of the proposed District and any official statements relating thereto, the cost, if any, of credit enhancement, capitalized interest, debt services reserves and the fees of any rating agency rating any obligations of the proposed District.

for the reasonable and actual expenses incurred by the City in relation to the District in accordance with the CID Act.

**F. Anticipated Schedule**

The following pages summarize the improvements, activities and services anticipated for the proposed District over the initial five-year period.
