Dr. Smoke

Dear City Council:

I am a 60 year old woman in Des Moines, Iowa and I am urging you to stop your attacks on the Delta Industry and the people who are selling and looking for alternatives. I live in a state that is number two in the nation for cancer, yet do you think cigarette smoking and alcohol consumption is being limited IN ANY WAY...EVER?!

Not everyone is able to obtain a license for medical marijuana and everyone who likes to feel better isn't an evil person out to ruin their or anyone else's life.

I ask you to ponder why the alcohol and tobacco industries, that are known to kill, are not attacked in the same way.

You are hurting people who are over 21 years old looking for alternative methods and I am saddened to see, with all that is happening in our country, to see yet another of my favorite companies shut down and attacked. Please stop and THINK!! Dr. Smoke isn't the bad guy!!

Sincerely,

Carrie M. Juska
