Submitted Department/Preparer: Finance

Executive Summary

Establishing the Economic Development Oversight Board, also known as the Super Board, to coordinate policies between various economic development entities; and establishing an effective date.

Discussion

Council believes providing economic development incentives allows the City to increase its industrial, commercial, housing and office space markets, resulting in ensuring regional and national competitiveness, a stronger economy, and improved livability for its residents. The economic development incentives requested are often abatement redirection, or exemption of ad valorem property taxes or other financing mechanisms. Requests for abatement, redirection or exemption of ad valorem property taxes and other financing mechanisms are presented either directly to the City or through one or more of the economic development entities authorized by Missouri statute and created by an ordinance of the City Council.

Each economic development entity created by ordinance of the City Council is governed by its own board or commission. The Council wishes for each economic development entity to operate with an awareness of the policies of the other entities, striving for cohesiveness in the policies of the entities. The Council desires to create an Economic Development Oversight Board, also known as the Super Board, to share information about the individual economic development entities created by Council and help develop cohesive policies among the entities.
