Executive Summary

Approving the plat of Indiana Commons, an addition in Clay County, Missouri, on approximately two acres generally located at generally located at the northeast corner of Northeast 86th Terrace and North Indiana Avenue, creating two lots for the purpose of Commercial Development; accepting various easements; establishing grades on public ways; authorizing the Director of City Planning and Development and Director of Water Services to execute and/or accept certain agreements; and directing the City Clerk to facilitate the recordation of this ordinance and attached documents. (CLD-FnPlat-2025-00036)

Discussion

The request is to consider approval of a Final Plat in District B2-2 (Commercial) on about 2 acres generally located at the northeast corner of Northeast 86th Terrace and North Indiana Avenue, creating 2 lots for the purposes of a commercial development. This use was approved in Case No. CD-CPC-2024-00143 which served as the Preliminary Plat. The Preliminary Plat proposed to develop two commercial buildings on two lots with access from a private drive on the southern side of the site. The plan does not propose to construct any new public streets.

Final Plats are the legal instruments used to formally subdivide land in accordance with the layout approved in the Preliminary Plat, which is often presented in multiple phases, as this proposed plat is. The review of a Final Plat includes verification that all required public utilities have been properly extended and accepted by the City, and that stormwater detention covenants have been finalized and reviewed for compliance. This Final Plat is consistent with the previously approved Preliminary Plat and complies with all applicable lot and building standards outlined in Section 88-110 of the Zoning and Development Code.

Discussion

Case CD-AA-2025-00117 approved a 32-unit townhome development with private streets, and the proposed vacation is consistent with that approved plan. The applicant is requesting vacation of the streets and the underlying plat as described in the Legal Description. The streets to be vacated are “paper streets” that are not improved. The subject area will be replatted through a separate Final Plat application.

Public and private utilities are located within the existing public right-of-way. Public utilities include street lighting and water services. Private utilities include Spire, Spectrum Charter, Evergy, and AT&T.

Amending Chapter 88, the Zoning and Development Code by repealing Section 88-255, “SC, Shoal Creek District” and enacting in lieu thereof a new section of like number and subject matter for the purpose of providing consistency with the recently updated Shoal Creek Community Master Plan. (CD-CPC-2025-00190)

BE IT ORDAINED BY THE COUNCIL OF KANSAS CITY:

Section 1. That Chapter 88, Zoning and Development Code, is hereby amended by repealing Section 88-255, "SC, Shoal Creek District" and enacting in lieu thereof a new section of like number and subject matter for the purpose of providing consistency with the recently updated Shoal Creek Community Master Plan, with said new section to read as follows:

88-255-01 PURPOSE AND INTENT

88-255-01-A. The SC, Shoal Creek district is intended for application only the Shoal Creek development, which was originally approved through the Master Planned Community (MPC) regulations under Chapter 80, the previous Zoning and Development Code. The district is intended to accommodate and encourage specific design criteria that will be environmentally sensitive, public service-efficient, and demonstrate progressive and innovative land planning, site planning, engineering, and architectural methods and techniques. The district provides a method to address the concerns identified in the comprehensive plan of the city and issues related to providing basic public services, such as water and sewer extensions, construction of public streets and use of open space.

88-255-01-B. The SC district is further intended to:

1. identify sensitive use and protection of the natural environment and open space consisting of natural features, undisturbed areas, greenbelts, parks, plazas, and landscaped areas for the use and enjoyment of all residents and visitors;
2. preserve and enhance existing man-made and natural environs on the site;
3. create individual neighborhoods limited in size to optimize the pedestrian experience;
4. provide a variety of housing types to promote a diversity of housing stock and neighborhoods;

5. provide a variety of retail, office, and commercial uses to offer local employment;
6. provide a network of interconnecting streets within the neighborhood that serve pedestrians and automobiles in a safe, aesthetic and efficient manner;
7. provide a neighborhood design that accommodates a variety of transportation modes and transit systems;
8. designate sites for civic buildings, focal points, landmarks, public open space and community identity;
9. define public space and create a diverse environment by establishing proportions governing building setbacks, bulk, form, and character;
10. support compact and mixed-use development patterns that reduce long commutes, retain open spaces, and minimize costs for public services and facilities;
11. advance new and innovative master planning, site planning, engineering and architectural methods and techniques;
12. encourage flexibility and creativity in proposing new planning concepts that are responsive to changing economic and market conditions; and
13. encourage the location of new community anchors along existing or proposed transit corridors to create critical mass.

88-255-01-C. APPLICABILITY

SC zoning may be applied only to lands included within the Shoal Creek development originally approved through the MPC, master planned community provisions of the zoning ordinance in effect prior to January 1, 2011.

88-255-02 GENERAL REQUIREMENTS

88-255-02-A. A master plan must be prepared for all of the land area included within the proposed SC district, in compliance with the regulations and requirements of this article.

88-255-02-B. An application for SC zoning must be accompanied by a community master plan and a traffic study.

88-255-02-C. Detailed requirements for all types of development and amendments to the SC area can be found in the Shoal Creek Community Master Plan.

88-255-03 COMMUNITY MASTER PLAN

A community master plan is a narrative and illustrative plan which presents a unified and organized strategy for development and service facilities having a logical relationship to the property as a whole. A community master plan must consist of all of the following:

88-255-03-A. Project summary setting forth a general description of the overall development, a survey of existing conditions including existing zoning districts, vegetation, slopes, water resources, and floodplains and a division of the land into subareas based upon natural or man-made physical boundaries which are referred to individually as a "neighborhood."

88-255-03-B. Land use plan, including a graphic plan designating acreage and general locations for proposed uses, written development standards that identify permitted uses, quantify the intensity of uses, and establish parking, building height, and setback requirements. The land use plan may propose subdistricts within the district and provide for particular standards within each subdistrict. For purposes of the SC district, "subdistrict" is an area within the overall SC that may incorporate general requirements of the SC district or that may have standards distinct and unique from other areas within the SC.

88-255-03-C. Infrastructure plan, including a traffic impact study, street sections and provisions for public utilities, street lighting, and storm drainage facilities to serve the site.

88-255-03-D. Community facilities plan, including provisions for parks and recreation facilities, open space, school, fire stations, and other public safety facilities.

88-255-03-E. Community design plan, describing the design intent for the community as a whole and the neighborhoods that comprise the community through community-wide design goals, objectives, and guiding principles depicted in an illustrative plan.

88-255-03-F. Implementation and outline of the processes required to initiate construction and provide management and administration for the community as it builds out.

88-255-04 USES

In the SC district, no building or land may be used and no building may be erected, altered or enlarged, unless it is arranged, intended or designed as permitted by the Shoal Creek Community Master Plan.

88-255-04-B. ACCESSORY USES

Any use which is accessory and incidental to any enumerated principal use is permitted in accordance with the Shoal Creek Community Master Plan. No outdoor storage is permitted.

88-255-04-C. PARKING AND LOADING

Except as specified in the community master plan, the parking and loading provisions of 88-420.

88-255-05 - RESERVED

88-255-06 - RESERVED

88-255-07 NEIGHBORHOOD PLAN

After establishment of an SC district but prior to approval of any final plan or final plat affecting an area within a neighborhood, the applicant must submit for approval a neighborhood plan identifying the improvements for storm drainage, sanitary sewer, water lines, street construction, and park dedication. Prior to the submission of the neighborhood plan, the applicant must submit a proposal to conduct a meeting in the vicinity of such Neighborhood Plan to solicit comments from adjoining property owners. The neighborhood plan must be reviewed and approved in accordance with the Shoal Creek Community Master Plan.

88-255-08 FINAL PLAT AND FINAL PLAN

88-255-08-A. FINAL PLAT

Prior to the issuance of a building permit for any construction within an SC district, the area included within the building permit must be platted. At the option of the applicant, any portion of the community master plan may serve also as the preliminary subdivision plat. Such option must be declared prior to the hearing before the city plan commission. At the time of submission of a final plat, the applicant for the final plat must provide an audit of the neighborhood development as of the date of the submission of the application for a final plat demonstrating that densities established by the community and neighborhood plans have not been exceeded and further that the audit identify the existing parkland dedication and any deficiencies or surpluses in the amount of required dedication.

88-255-08-B. FINAL PLAN

1. Prior to the issuance of any building permit within the area zoned SC, the applicant for the building permit must present a final plan for review and approved in accordance with the Shoal Creek Community Master Plan. In the case of detached house residential development, the final plat will serve as the final plan.
2. At the time of approval of the final plan (or final plat for residential) the applicant may request and the City Plan Commission may approve variations or modifications to the bulk and area standards requested by the applicant subject to consideration of the following criteria:
 - (a) The modification is limited to a use specifically set forth for the subdistrict or a use which is compatible with other uses permitted in the subdistrict;
 - (b) The modification is limited to application of the standards of the subdistrict and may not permanently alter such standards;
 - (c) Except for the specific modification, the other standards of the subdistrict will remain in effect;

-
- (d) The modification must reflect the spirit and intent of the SC district as a whole and must maintain any unique planning design which are inherent to the development of the neighborhood area.
 - (e) Absent approvals provided herein the standards for a subdistrict (or incorporated provisions of other zoning regulations) apply without exception.
3. In the course of implementing the approved final plan, certain revisions or adjustments of detail may be permitted if approved by the city planning and development director. However, such revision or adjustment of detail must be in substantial compliance with the final plan approved by the city plan commission. If the city planning and development director finds that such revisions or adjustments of detail are not in conformance with the approved final plan, the applicant may submit a new final plan to the city plan commission for its review and approval.

88-255-09 AMENDMENTS TO APPROVED PLANS

88-255-09-A. If the final plan is not in substantial compliance with the Shoal Creek Community Master Plan subject to any variations or modifications submitted as part of the final plan or final plat (as provided above), the application must be denied. The applicant may resubmit a revised final plan which does conform with the Shoal Creek Community Master Plan or may file an amended community master plan in the same manner as provided for a zoning map amendment. Provided, however, if the community master plan identifies neighborhoods, no amendment need include information other than that required to amend the neighborhood plan notwithstanding any other provision to the contrary.

88-255-09-B. Requests to amend an approved plan must be processed as a zoning map amendment in accordance with the Shoal Creek Community Master Plan and 88-515, except that the city planning and development director is authorized to approve minor amendments to the SC plan in accordance with the administrative adjustment procedures of 88-570 (see specifically 88-570-02-H).

88-255-09-C. The perimeter boundaries of an established SC district may be modified from time to time by the original applicant or its assignee in the same manner as provided for a zoning map amendment. Such modification may be to an existing neighborhood or may establish a new neighborhood or may be to an existing subdistrict.

Section 2. That the Council finds and declares that before taking any action on the proposed amendment hereinabove, all public notices and hearings required by law have been given and had.

Executive Summary

Amending Chapter 88, the Zoning and Development Code by repealing Section 88-255, "SC, Shoal Creek District" and enacting in lieu thereof a new section of like number and subject matter for the purpose of providing consistency with the recently updated Shoal Creek Community Master Plan. (CD-CPC-2025-00190)

Discussion

The proposed text amendment is in coordination with the recently updated Shoal Creek Community Master Plan booklet (Ord. No. 260015, January 15, 2026). There are many detailed standards directly from the booklet in the Code, which are unnecessary to have both in the booklet and Code. Referring to the Community Plan in various sections of section 88-255 - Shoal Creek, will reduce potential conflicts and allow flexibility for amending the booklet in the future without always needing to do a corresponding Zoning Code text amendment.

The primary changes are listed below and shown on the attached redline draft.

- Removing lists of specific application submittal requirements and referring to the Community Master Plan.
- Removing lists of permitted uses and referring to permitted uses in various sections of the Community Master Plan.
- Removing performance standards related to factors outside the control of the Zoning and Development Code like storage of flammable materials and other fire code-related conditions, noise, vibration, emission of gases, and discharge into sewer systems.
- Removing section about public improvements as Public Works standards are already applicable outside of Chapter 88.
- Removing application requirements for neighborhood plans and final plans and referring to the Community Master Plan.

Amending Chapter 88, the Zoning and Development Code, by repealing Section 88-354, Marijuana Facilities, and enacting in lieu thereof a new section of like number and subject matter for the purpose of allowing marijuana dispensaries located at least 1,000 feet from residential zoning districts to operate 24 hours per day subject to approval of a special use permit.

BE IT ORDAINED BY THE COUNCIL OF KANSAS CITY:

Section 1. Amending Chapter 88, Code of Ordinances, by repealing and replacing Section 88-354, Marijuana Facilities, and enacting in lieu thereof a new section of like number and subject matter, said section to read as follows:

88-354 MARIJUANA FACILITIES

88-354-01 APPLICABILITY

Marijuana facilities authorized by article XIV, sections 1 and 2 of the Missouri Constitution must be licensed by the Missouri Department of Health and Senior Services, or its successor entity.

88-354-02 STANDARDS AND CONDITIONS FOR ALL MARIJUANA FACILITIES

All marijuana facilities licensed by the Missouri Department of Health and Senior Services, and authorized to operate under article XIV, sections 1 and 2 of the Missouri Constitution, shall operate according to the local regulations applicable to all properties in zoning districts which allow the use of marijuana facilities.

88-354-02-A. DISTANCE REQUIREMENT FROM SCHOOLS

All comprehensive or medical marijuana cultivation facilities, comprehensive or medical marijuana-infused products manufacturing facilities, and marijuana testing facilities licensed by the Missouri Department of Health and Senior Services, and authorized to operate under article XIV, sections 1 and 2 of the Missouri Constitution, shall not be initially sited, at the time of application for license or for zoning approval, whichever is earlier, within 1,000 feet of any then-existing elementary or secondary school, as elementary and secondary schools are defined by state laws and regulations governing comprehensive and medical marijuana facilities.

All comprehensive or medical marijuana dispensary facilities licensed by the Missouri Department of Health and Senior Services, and authorized to operate under article XIV, sections 1 and 2 of the Missouri Constitution, shall not be initially sited, at the time of application for license or for zoning approval, whichever is earlier, within 1,000 feet of any then-existing elementary or secondary school, as elementary and secondary schools are defined by state laws and regulations governing comprehensive and medical marijuana facilities.

88-354-02-B. DISTANCE REQUIREMENT FROM CHURCHES AND DAY CARE CENTERS

All marijuana facilities licensed by the Missouri Department of Health and Senior Services, and authorized to operate under article XIV, sections 1 and 2 of the Missouri Constitution, shall not be initially sited, at the time of application for license or for zoning approval, whichever is earlier, within 300 feet of any then-existing church or daycare, as church and daycare are defined by state laws and regulations governing marijuana facilities.

88-354-02-C. DISTANCE REQUIREMENT FROM OTHER MARIJUANA DISPENSARY FACILITIES

All comprehensive dispensary facilities, marijuana microbusiness dispensary facilities, or medical marijuana dispensary facilities licensed by the Missouri Department of Health and Senior Services, and authorized to operate under article XIV, sections 1 and 2 of the Missouri Constitution, shall not be initially sited, at the time of application for license or for zoning approval, whichever is earlier, within 2,000 feet of any then-existing comprehensive dispensary facilities, marijuana micro dispensary facilities, or medical marijuana dispensary facilities.

88-354-03 MEASUREMENTS

Measurements shall be made along the shortest path between the demarcation points that can be lawfully traveled by foot.

88-354-03-A. MEASUREMENT REQUIREMENT FOR FREESTANDING FACILITIES

In the case of a freestanding facility, the distance between the facility and the school, daycare, dispensary, church, or residential zoning district shall be measured from the external wall of the facility structure closest in proximity to the school, daycare, dispensary, or church to the closest point of the property line of the school, daycare, dispensary, church, or residential zoning district. If the school, daycare, dispensary, church, or the boundary line of the residential zoning district is part of a larger structure, such as an office building or strip mall, the distance shall be measured to the entrance or exit of the school, daycare, dispensary, or church closest in proximity to the facility.

88-354-03-B. MEASUREMENT REQUIREMENT FOR FACILITIES THAT ARE PART OF A LARGER STRUCTURE

In the case of a facility that is part of a larger structure, such as an office building or strip mall, the distance between the facility and the school, daycare, or church shall be measured from the property line of the school, daycare, church, or the boundary line of the residential zoning district to the facility's entrance or exit closest in proximity to the school, daycare, church, or residential zoning district. If the school, daycare, or church is part of a larger structure, such as an office building or strip mall, the distance shall be measured to the entrance or exit of the school, daycare, or church closest in proximity to the facility.

88-354-04 HOURS OF OPERATION

88-354-04-A. GENERALLY

Comprehensive and Medical Marijuana dispensary facilities shall have limited hours of operation from 8:00 a.m. to 10:00 p.m.

88-354-04-B. TWENTY-FOUR HOUR OPERATIONS

Comprehensive and Medical Marijuana dispensary facilities that are located more than 1000 feet from a residential zoning district may operate twenty-four hours per day subject to approval of a Special Use Permit. No special use permit for twenty-four hour operations may be approved for a period longer than 5 years duration. Extensions of the approved time period may be approved through a new special use application and hearing.

88-354-05 STORAGE

All operations and any storage of materials, products, or equipment shall be within a fully enclosed building. No outdoor operations or storage shall be permitted.

88-354-06 EXTERNAL IMPACTS

No marijuana facility shall produce dust, vibration, noise, or other external impacts that are detectable beyond the property lines of the subject property.

Executive Summary

Rezoning an area of about 0.2 acres generally located at the southeast corner of Troost Avenue and East 5th Street from District UR (Urban Redevelopment) to District B2-2 (Neighborhood Business) to allow for an entertainment venue. (CD-CPC-2025-00160).

Discussion

The applicant is requesting to rezone approximately 0.2 acres from District UR (Urban Redevelopment) to District B2-2 (Neighborhood Business). The rezoning request does not require an accompanying development plan, although additional entitlement may be required for the proposed use of an entertainment venue, such as a variance from the Board of Zoning Adjustment for the required parking. Approval of the rezoning would expand the uses allowed on the site to those allowed in the B2-2 Zoning District. The current UR Plan only allows this property to be used as a photography studio, approved in 2015 by the City Council. The applicant would like to continue using the site for a photography studio and a small entertainment venue. The property owner is currently operating an entertainment venue that hosts events like small weddings, graduation parties, etc. The property currently has a zoning violation for doing operating the entertainment venue (ZDC-2025-1104). This rezoning has been made to bring the site into compliance. This proposed rezoning would allow for flexibility of the uses, removing the restrictions of the current UR Plan.

There is a packet attached to the staff report with written public testimony. At the City Plan Commission there was verbal public testimony given in opposition to the proposed rezoning.

Executive Summary

Directing the City Manager to submit a response to the Missouri Department of Revenue's Request For Proposals for license office operations; and directing the City Manager to develop a yearly funding plan in an amount not to exceed \$750,000.00 for operational costs and report back to City Council in 30 days.

Discussion

Resolution No. 240894 directed the City Manager to review the feasibility of establishing a city-operated Department of Motor Vehicles licensing office.

The feasibility study identified potential site locations and estimated operational costs would range from \$500,000.00 to \$750,000.00 per year.

Licensing offices offer a number of vital services, such as driver license renewals and motor vehicle titling and registration.

On January 8, 2026, the licensing office located at 1161 Emanuel Cleaver II Boulevard closed, significantly limiting access to licensing office services for Kansas City residents.

The Missouri License Offices Bureau is currently moving forward with a Request for Proposal process for operations of licensing offices.

The City Council believes it is in the best interest of Kansas City residents to establish a city-operated license office

ORDINANCE NO. 260212

Sponsor: Director of City Planning and Development Department

Approving a development plan on about 1.3 acres in District R-0.5 generally located at 32 E. 46th Street to allow for the construction of a multi-unit residential building. (CD-CPC-2025-00189).

BE IT ORDAINED BY THE COUNCIL OF KANSAS CITY:

Section A. That a development plan in District R-0.5 (Residential) generally located at 32 E. 46th Street, and more specifically described as follows:

Youth Activity Complex South Moreland Amend Plat Sub Lot 6 all exc w 25 ft
Lots 2 thru 6.

is hereby approved, subject to the following conditions:

1. All signage shall conform to 88-445 and shall require a sign permit prior to installation.
2. Prior to issuance of the certificate of occupancy for each lot within the plat the developer shall submit an affidavit, completed by a landscape architect licensed in the State of Missouri, verifying that street trees have been installed in accordance with the approved street tree planting plan and are healthy.
3. The developer shall submit an affidavit, completed by a landscape architect licensed in the State of Missouri, verifying that all landscaping required of the approved plan has been installed in accordance with the plan and is healthy prior to a certificate of occupancy.
4. The developer shall screen all roof and/or ground mounted mechanical and utility equipment in compliance with Section 88-425-08 of the Zoning and Development Code.
5. The developer shall submit an affidavit, prepared by an engineer licensed in the State of Missouri, verifying that all outdoor lighting has been installed in accordance with approved plans and that lighting levels do not exceed that shown

- on the approved lighting plan at the property lines prior to a certificate of occupancy.
6. The developer shall pay a partial fee in lieu of \$3,700.00 to meet landscaping requirements prior to a certificate of occupancy.
 7. The developer shall provide 5 visitor parking spaces in the parking garage.
 8. All Fire Department Connections (FDC) shall be threaded connections. Storz connections are not allowed in the City of Kansas City, Missouri. (IFC-2018 § 903.3.6; NFPA 13-2010 § 6.8.1).
 9. Buildings equipped with a fire standpipe system shall have an operable fire hydrant within 100 feet of the Fire Department Connection (FDC). (IFC2018 § 507.5.1.1)
 10. New buildings shall have approved radio coverage for emergency responders within the building based on the existing coverage levels of the public safety communication systems utilized by the jurisdiction, measured at the exterior of the building. This section shall not require improvement of the existing public safety communication systems. (IFC 2018 510.1) and (NFPA1221)
 11. Buildings which have an occupiable floor greater than 75 feet above grade shall meet high-rise requirements. (IFC 2018 Sec 914.3)
 12. Fire hydrants shall be installed and operable prior to the arrival of any combustible building materials onto the site. (IFC-2018 § 501.4 and 3312.1; NFPA 241-2013 § 8.7.2) Fire hydrant distribution shall follow IFC-2018 Table C102.1.
 13. The developer shall meet the fire flow requirements as set forth in Appendix B of the International Fire Code 2018. (IFC-2018 § 507.1)
 14. Aerial fire apparatus access roads shall be provided for any building that is 30 feet in height or greater. Aerial fire apparatus roads are a minimum 26 feet wide, at least 15 feet away from the building but not more than 30 feet from the structure. (IFC-2018 § D105)
 15. The building's FDC shall be immediately recognizable from the street or nearest point of Fire Department access. (IFC-2018§ 912.2.1)
 16. The developer shall be responsible for dedication of parkland, private open space in lieu of parkland, or payment of cash-in-lieu of either form of dedication, or any combination thereof in accordance with 88-408. Should the developer choose to pay cash-in-lieu of dedicating all or a portion of the required area, the amount due

shall be based upon the 2025 acquisition rate of \$20,065.67 per acre. This requirement shall be satisfied prior to a certificate of occupancy.

17. The development is anticipated to generate over 1,000 vehicular trips per day. As a result, a detailed Traffic Impact Study (TIS) will be required to evaluate the potential impacts of the development on the surrounding roadway network.
18. The developer shall submit verification of vertical and horizontal sight distance for the drive connection to public right-of-way to the Land Development Division and make improvements to ensure local jurisdiction and/or minimum AASHTO adequate sight distance standards are met, prior to issuance of any certificate of occupancy.
19. The developer shall submit construction plans in compliance with adopted standards for all improvements required by the traffic study approved by the Public Works Department, and shall secure permits for those improvements as required by the Land Development Division, prior to recording the plat.
20. The developer shall submit a letter to the Land Development Division from a licensed civil engineer, licensed architect, or licensed landscape architect, who is registered in the State of Missouri, that identifies sidewalks, curbs, and gutters in disrepair as defined by Public Works Department's "OUT OF REPAIR CRITERIA FOR SIDEWALK, DRIVEWAY AND CURB revised 11/5/2013" and based on compliance with Chapters 56 and 64, Code of Ordinances, for the sidewalks, curbs, and gutters where said letter shall identify the quantity and location of sidewalks, curbs, and gutters that need to be constructed, repaired, or reconstructed to remedy deficiencies and/or to remove existing approaches no longer needed by this project. The developer shall secure permits to repair or reconstruct the identified sidewalks, curbs, and gutters as necessary along all development street frontages as required by the Land Development Division and prior to issuance of any certificate of occupancy permits including temporary certificate of occupancy permits.
21. The developer shall submit a streetscape plan for approval and permitting by the Land Development Division prior to beginning construction of the streetscape improvements in the public right-of-way, and construct ADA compliant ramps at all required locations where new private drives are being added, or where existing sidewalks are modified or repaired.
22. The developer shall pay impact fees as required by Chapter 39 of the City's Code of Ordinances as required by the Land Development Division.
23. The developer shall integrate into the existing streetlight system any relocated streetlights within the street right-of-way impacted by the new drive or approach entrances as required by the Land Development Division, and the relocated lights must comply with all adopted lighting standards.

24. The developer shall have a water flow test done to ensure there is adequate water pressure to serve the development.
25. No water service line will be less than 1-1/2" in diameter where three or more units or commercial building will be served by one domestic service line and meter.
26. The developer shall ensure that water and fire service lines should meet current Water Services Department rules and regulations prior to issuance of a certificate of occupancy. A copy of said development plan is on file in the office of the City Clerk with this ordinance and is made a part hereof.
27. The developer shall grant a BMP easement to the City as required by the Kansas City Water Services Department, prior to recording the plat or issuance of any building permits.
28. The developer shall submit an analysis to verify adequate capacity of the existing sewer system as required by the Kansas City Water Services Department prior to issuance of a building permit to connect the private system to the public sewer main and depending on adequacy of the receiving system, make other improvements as may be required.
29. The developer shall submit a storm drainage analysis from a Missouri-licensed civil engineer to the Kansas City Water Services Department evaluating proposed improvements and impact to drainage conditions. Since this project is within a "Combined Sewer Overflow" (CSO) district, the project shall be designed to retain rainfall of 1.5 inch depth over the disturbed area to simulate natural runoff conditions and reduce small storm discharge to the combined sewer system and manage the 10-year storm and 100-year storm per currently adopted APWA standards. The analysis shall be submitted prior to issuance of any building permits, and the developer shall secure permits to construct any improvements required by the Kansas City Water Services Department prior to issuance of any certificate of occupancy.
30. The developer shall obtain the executed and recorded City approved grading, temporary construction, drainage/sewer, or any other necessary easements from the abutting property owner(s) that may be required prior to submitting any public improvements crossing properties not controlled by the developer and include said document(s) within the public improvement applications submitted for permitting.
31. The developer shall submit plans for grading, siltation, and erosion control to the Kansas City Water Services Department for review and acceptance, provide a copy of the Storm Water Pollution Prevention (SWPP) plan submitted to the Missouri Dept. of Natural Resources (MDNR) and secure a site disturbance

permit for any proposed disturbance area equal to one acre or more prior to beginning any construction activities.

Section B. That the Council grants a deviation to section 88-110-06, Lot and Building Standards, in the amount of 150 square feet of lot area per unit allowing 350 square feet of lot area per unit rather than 500 square feet.

Section C. That the Council finds and declares that before taking any action on the proposed amendment and development plan hereinabove, all public notices and hearings required by the Zoning and Development Code have been given and had.

..end

I hereby certify that as required by Chapter 88, Code of Ordinances, the foregoing ordinance was duly advertised and public hearings were held.

Executive Summary

Approving a development plan on about 1.3 acres to allow for the construction of a multi-unit residential building in District R-0.5 generally located at 32 E 46th Street. (CD-CPC-2025-00189)

Discussion

The proposed development is a multi-story building containing 152 residential units. The majority of the proposed units will be accessed from the inside of the building, and four units will be for-rent, townhouse-style with access along E 46th Street. Due to the grade change of approximately 40 feet from north to south across the site, the north side of the building will be five stories and about 58 feet and the south side of the building along E 46th Street will be approximately 109 feet at its tallest point and eight stories, including the parking structure levels.

The parking garage will have two access points, one from E 46th Street at the southwest corner of the site and off Walnut Street near the northeast corner of the site. The parking garage will contain 207 spaces for residents.

There will be a courtyard amenity space in the center of the building, which has not been programmed yet. Eighteen trees will be provided along the north and east sides of the site. A fee in-lieu of the remaining ten required trees in the amount of \$3,700 will be paid by the developer.

Proposed building materials include modular brick, precast panel with brick formliner, fiber cement panel, metal wall panel, and EIFS.

City Plan Commission recommended approval with conditions and no one appeared to provide public testimony. Three letters of opposition were submitted to the Commission.

In areas where the Winterset Ledge is absent, all lying above the Bethany Falls Ledge of Limestone Rock. In areas where the Bethany Falls Ledge is absent, all lying above the Elevation 720

is hereby approved, subject to the following conditions:

1. That Ordinance No. 220883, including all conditions provided therein, shall remain in full force and effect.
2. The applicant shall gain approval of a major street plan amendment or revise the alignment accordingly.
3. The developer shall submit a streetscape plan with the street tree planting plan per 88-425-03 for approval and permitting by the Parks and Recreation Department's Forestry Division prior to beginning work in the public right-of-way.
4. In the major street plan, Mexico City Avenue is supposed to go straight north and connect with Highway 92. The MPD proposes to redirect Mexico City Avenue to the west and connect to Bethel Road. This would not provide a direct connect between the major highways (Highway 92 and I-29) and the airport. The new alignment of Mexico City Avenue will require an amendment of the major street plan, through CPC and Council. The new alignment is therefore not approved by approval of this MPD and the applicant must follow the amendment process.

5. The developer shall ensure that water and fire service lines should meet current Water Services Department rules and regulations prior to a certificate of occupancy.
6. The developer shall submit water main extension plans meeting the Kansas City Water rules and regulations and prepared by a Missouri professional engineer. The water main extension plans shall be under contract (permit) prior to final platting or building permit issuance, whichever occurs first. The water main extension plans shall provide sufficient flow and pressure to service the proposed developments.

A copy of said development plan is on file in the office of the City Clerk with this ordinance and is made a part hereof.

Section B. That the Council finds and declares that before taking any action on the proposed amendment and development plan hereinabove, all public notices and hearings required by the Zoning and Development Code have been given and had.

..end

I hereby certify that as required by Chapter 88, Code of Ordinances, the foregoing ordinance was duly advertised and public hearings were held.

Executive Summary

Approving a major amendment to a previously approved Master Planned Development on about 2,500 acres to allow for expanding the District, in District MPD (Master Planned Development) generally located on the north side of I-29/I-435 and Northwest 128th Street, specifically at the northwest corner of North Bethel Avenue and I-435. (CD-CPC-2025-00169)

Discussion

The applicant is seeking approval of a major amendment to the current approved development plan which also serves as a preliminary plat in District MPD (Master Planned Development). This major amendment will allow for 168 acres to be added to the KCI 29 Master Planned Development Boundary to allow for additional lots for industrial development. Hunt Midwest has acquired the 167 acres and requests to add it to the Master Planned Development; each newly created lot will be subject to the MPD standards and subject to the specific uses within that controlling plan. All plans and conditions for ordinance No. 220883 passed by City Council on October 6, 2022, will remain in full force and effect.

The City Plan Commission heard this application on January 21, 2026 and recommended approval with conditions. There was no public testimony at the City Plan Commission.

Executive Summary

Amending the Major Street Plan for Kansas City to revise the alignment of Mexico City Avenue, from connecting to Highway 92, to connecting to North Bethel Avenue, and directing the City Clerk to file certain documents with the appropriate offices. (CD-CPC-2025-00170)

Discussion

The requested Major Street Plan Amendment is a result of the most recent major amendment to the KCI 29 Logistics Park controlling MPD Plan. The City's Major Street Plan shows the extension of Mexico City Avenue going north and connecting to Missouri 92 Highway. Rights-of-ways identified on the Major Street Plan are constructed by the City, while developers are required to pay impact fees and dedicate the land needed to construct the road. The applicant has chosen to reroute Mexico City Avenue to the west and connect it to north Bethel Avenue.

Executive Summary

Revising a previously approved street name plan known as the Barryview Townhomes Street Name Plan to align with the currently assigned addresses and street names.

Discussion

The Barryview Townhomes Street Name Plan is a previously approved street name plan. When addresses and street signs were assigned and installed, an error occurred and incorrect street names were assigned and installed. The goal of this ordinance is to correct the previously approved street name plan to reflect the currently assigned addresses and installed street signs.

The Zoning and Development Code requires the Street Naming Committee to review all street names and provide a recommendation on renaming. The Street Naming Committee heard this application at the 2/5/26 committee meeting and recommended approval of the street renaming. An official street renaming application is not required to be heard at the City Plan Commission, only the Street Naming Committee and City Council.

Street renaming requires a city council public hearing and mailed notices at least 13 days before the date of the hearing. The required mailed notice to property owners adjacent to the street sections being renamed to notify them of the public hearing at the NPD Committee on March 3, 2026.

There has not been any public testimony to date on this ordinance request.
