

Dear Public Testimony Public Testimony,

I'm writing to ask you to oppose Ordinance 250382. Cutting funding for Vision Zero and RideKCBike is moving KC in the wrong direction. Our city needs alternative options for transportation in order to compete with larger cities across the country and the world. You were able to find \$1.2 billion to finance a new stadium for the Royals, can't you do the same for the people of Kansas City?

Regards,
