### Discussion

#### City Council Key Points

- Rezoning to Urban Redevelopment (UR) District and approval of a preliminary development plan and preliminary plat.
- The plan area is within the Independence Plaza Urban Renewal Area tax incentive plan making the proposed project eligible for rezoning to District UR.
- The plan area is within the Independence Corridor Overlay District (ICO) which promotes design excellence and walkability along the corridor.
- Plan and plat propose vertical mixed use development with ground floor commercial and apartments above.
- Two deviations requested; (1) Maximum building height to the ICO, and (2) Parking reduction retail uses. See Section C of ordinance.
- A mixture of housing and retail options improves social and economic conditions within a neighborhood.

#### Explanation of Answers to CWBP Questions:

- The project proposes redeveloping a parking lot for a mixture of commercial and residential uses in an arrangement compatible with the surrounding area. This represents an investment in the neighborhood and contributes to its stability.
