Sec 1.1. Leased Premises. The City hereby leases to Lessee, and Lessee leases from the City, the real property, including improvements and fixtures appurtenant thereto, more fully described in **Exhibit "A" – Leased Premises**, attached hereto and incorporated herein (hereinafter "Premises"). The Lessor represents and warrants that all existing construction, improvements, and additions on the Premises comply with applicable municipal, state, and federal codes and regulations. The Lessor shall bear the cost of bringing any existing construction, improvements,

or additions into compliance with such requirements, if necessary. Subject to these conditions, the Lessee has inspected and accepts the Premises in their current 'as is' condition." City implies no further warranties or representations with regard to the Premises.

Sec. 1.2. Term of Lease. This Agreement shall commence on execution of this lease, and continue for a term of twenty (20) years (as may be extended, the "Term"), and terminate at 11:59 PM CST on the day immediately prior to the twentieth (20th) anniversary of the Commencement Date.

A. **Option to Renew.** As provided herein, Lessee shall have the mutual option to extend the Term for one (1) ten (10) year term additional year period ("Option Period"). Lessee shall provide written notice to City no later than one hundred eighty (180) days prior to the expiration of the then existing Term of its intent to exercise the option to extend and propose an additional investment of capital to refresh the initial investment. Rent during the Option Period shall be subject to a Fair Market Rent Adjustment pursuant to Section 2.1(D) of this document. City will respond to the Option to Renew request, within 30 days after receipt.

B. **Termination Rights.** Should a termination of lease occur as outlined in Part II, Section VI.E or Part III, Section 9, Lessee shall be entitled to recover the unamortized value of the Improvements constructed and installed on the Premises by the Lessee, so long as investments were timely and completely documented. The value of the Improvements shall be determined to be the balance after the depreciation taken on a straight-line basis. Lessee shall establish a "Depreciation Schedule" for the improvements which shall be submitted to the City for its approval. Any schedule submitted by Lessee for this purpose shall not be deemed a Depreciation Schedule until such schedule is approved by the City, which approval shall not be unreasonably withheld.

Sec. 1.3. Use of Premises. Lessee shall use the Premises solely for the purpose of long or short term aircraft storage, aircraft maintenance, passenger and pilot accommodation, offices, and any related or ancillary uses to the forgoing. Any unauthorized use of the Premises shall constitute acceptable grounds for immediate termination.

Sec. 1.4. Avigation Reservation. The City reserves, for itself and as a public benefit, a perpetual and assignable Avigation Reservation and right-of-way, for the free and unobstructed passage of aircraft in, through, and across all navigable air space above the Premises, together with the continuing right to cause and allow in all airspace above or on the surface of the Premises such noise, vibration, fumes, dust, fuel particles, illumination, interference with television, radio or any other type of transmission and other effects as may be caused by or result from the operation of aircraft or the landing at or taking off from or from the operation of aircraft on or at the Airport, also together with the rights to mark and light obstructions to air navigation any and all buildings, structures or other improvements and trees or other objects which extend into this Avigation Reservation. Additionally, the lessee shall not allow the premises to be used in any manner to create interference with visual contact, radio, radar, microwave, electromagnetic or any other communication between any installation serving the Airport and aircraft or as to make it difficult for flyers to distinguish between airport lights and others, or as to impair visibility in the vicinity of the Airport, or as may otherwise or endanger or constitute hazard to the landing, taking off or maneuvering of aircraft under the applicable regulations of the U.S. Department of Transportation, Federal Administration, in effect from time to time or of any successor agency having jurisdiction. The term "aircraft" means any contrivance now known or hereafter invented, designed or used for navigation or flight in air or space involving either persons or property.

ARTICLE II

RENT

Sec. 2.1. Rents, Fees and Charges.

- A. **Rent Payments.** Effective on the Commencement Date herein, Lessee shall pay the City in equal monthly installments, in advance, or before the first (1st) day of each and every month without demand, deduction, holdback or setoff, plus applicable sales taxes. The following rents, rates, and charges due herein for the Premises shall be as follows:

Ground Rent: During the first (1st) Lease Year of the Term of this agreement, Lessee shall pay City \$.275 per square feet annually on 66,460 square feet for Hangar 5B and adjacent area which equates to \$1,523.04 per month or \$18,276.50 annually.

Building Rent: Lessee agrees to invest \$1,000,000 in capital expenditures over the first two years of the initial term, followed by an additional \$1,000,000 during years three through five of the initial term. These investments will cover, including but not limited to, building improvements, equipment acquisition, staff training, and other necessary resources to obtain 135 and 145 certificates. In recognition of this substantial investment, the lessee shall not be required to pay any building rent for the first eight (8) years of the lease term.

Beginning at ninth (9th) Lease Year of the Term of this agreement, Lessee shall pay City \$15,000 per month or \$180,000 annually.

- B. **Net Lease.** It is the purpose and intent of the City and Lessee that this is a net lease and that from and after the Commencement Date, the rent shall, except as herein otherwise provided, be absolutely net to City, and that all costs, expenses and obligations of every kind and nature whatsoever relating to the Premises and/or the operation of Lessee's business in connection therewith, except as herein otherwise provided, which may arise or become due during the term hereof, shall be paid by Lessee and that City shall be protected, defended, indemnified and held harmless by Lessee from and against the payment of same or any obligation to pay the same.
- C. **Rental Adjustment.** Commencing on the first month of the second (2nd) Lease Year, and every Lease Year thereafter, Rent for the Premises will be adjusted based on the annual percentage change in the Consumer Price Index for All Urban Consumers, as defined below ("**CPI-U**"). In no event will the annual adjustment result in Rent being less than the amount charged during the prior year. The most recent available CPI-U as of December 15 of each year, calculated over the preceding twelve months, shall be used to adjust the Rent for the next year.

CPI-U means the Consumer Price Index for All Urban Consumers for the U.S. City Average for All Items, 1982-84 = 100, or the successor of that index calculated on a calendar year basis and as published by the Bureau of Labor Statistics, U.S. Department of Labor. In the event said Index ceases to be prepared and published, then the rent rate shall be adjusted in accordance with the most comparable index then in existence

The rates following the adjustment shall remain in effect until the next adjustment. For clarification purposes, the adjustments will occur on the first day of each Lease Year. In

no event shall the yearly adjustment be in excess of five percent (5%) nor shall the rent be reduced below the then existing rent rate.

- (1) **Fair Market Rent Adjustment.** Ground Rent (as defined in the Lease) and Building Rent (as defined herein) for the Option Term shall be in the then fair market rent for the land portion of the Premises, respectively, based upon the appraised values thereof as determined by an appraisal of the Premises made by a qualified M.A.I. appraiser, selected, appointed, and paid for by Tenant and reasonably approved by the City (the "Appraisal"). "Building Rent" shall mean the rent payable by Tenant hereunder applicable to the building and other improvements constructed by Tenant at the Premises at Tenant's expense (and Building Rent shall be separate from and in addition to Land Rent). The Appraisal shall establish in writing the then current fair market Ground Rent and the then current fair market Building Rent based on the appraised values of the ground and building and other improvements comprising the Premises, respectively. It is the intent of City and Tenant hereunder that the costs of all such building and other improvements constructed by Tenant at its expense at the Premises any time throughout the initial term of this Lease or the Extended Term, as applicable, be taken into consideration in connection with the determination of fair market Building Rent. To the extent required by the Federal Aviation Administration's standards for airport property, upon receipt of the Appraisal, City shall promptly submit to Tenant a written statement of the then current fair market Building Rent as established by the Appraisal. Tenant shall obtain an Appraisal before each Option Term, and Ground Rent and Building Rent shall be further adjusted accordingly to be the then current fair market Ground Rent and Building Rent for the Premises as established by each subsequent Appraisal in the same manner as for the initial Appraisal as set forth above.
 - (2) Beginning in the first month of the second year of the Option Term, Ground Rent shall be adjusted pursuant to Section 2.1(C) of the lease. In no event shall Ground Rent be decreased as a result of any Appraisal or CPI rental adjustment.
 - (3) Notwithstanding anything in this Section to the contrary, if either party disagrees with the results of the Appraisal obtained in connection with the commencement of the Option Term, the parties shall meet and confer to discuss the objections, and if the parties are unable to resolve such disagreement, Tenant shall have the right to withdraw its exercise of the option to extend the term of the Lease for the Option Term and may terminate this Lease with written notice to City.
 - (4) The parties acknowledge and agree that no terms of any Appraisal or this Amendment shall affect title to the Premises or any improvements thereon, and title to the Premises and all improvements thereon shall remain and are at all times in the City.
- D. **Method of Payment.** Lessee's obligation to pay Rental Payments under this lease shall commence on the date Lessee receives a Temporary Certificate of Occupancy of its improvements. Lessee will make monthly Percentage Rent payments by the 20th of the following month (and forth going) without notice or demand by City and without abatement, deduction or set-off, except as herein specifically provided. **The payments will be made in legal tender of the United States and mailed to the Aviation Department, P.O. Box 844124, Kansas City, Missouri 64184-4124,**

payable to the “City Treasurer” or electronically by utilizing the City’s approved Automated Clearing House (ACH) process. A service charge of one and one-half percent (1½%) per month shall automatically accrue to all payments made after the due date.

- E. **Partial Year.** If the Commencement Date should occur on any date other than the first day of a calendar month, Lessee shall pay City on the Commencement Date the proportionate amount of Rent accrued for the balance of such current calendar month.
- F. **Additional Rent.** In addition to the Rent, Lessee agrees to pay as additional rent any sums which may become due by reason of failure of Lessee to comply with any covenants of this Lease and all damages, costs and expense which City may incur because of any default of Lessee or failure to perform under this Lease and any damages caused to the Premises by any act or negligence of Lessee, its officers, employees, agents and invitees.
- G. **Taxes, Permits, Licenses.** The Lessee shall bear all costs of operating its equipment and business, including any and all ad valorem, sales, use, or other taxes levied, assessed, or charged upon or with respect to the leasehold estate, improvements made by the Lessee, or personal property located on the Premises. However, Lessee shall bear all cost of obtaining any permits, licenses, or other authorizations required by City or any agency of government or law in connection with the operation of its business at the Airport, and upon request provide copies of all such permits, certificates and licenses shall be forwarded to City. Lessee reserves the right to contest any such taxes and withhold payment of such taxes, so long as the nonpayment of such taxes does not result in a lien against the leased Premises or a direct liability on the part of City.

ARTICLE III

REPAIRS AND MAINTENANCE OF PREMISES

Sec. 3.1. Utility Services. The Lessor shall ensure that all necessary utilities, including but not limited to water, electricity, natural gas, and sewage, are available and accessible to the Premises throughout the term of the lease. Utility services required by Lessee during the Lease term shall be at the sole cost and expense of Lessor. Lessee may install and construct necessary utility lines or mains across reasonable routes as the City may designate. Any change in, deletion of, or addition to such lines and mains shall be at the sole cost and expense of Lessee.

Sec. 3.2. Obligations of Lessee.

- A. Conduct its operation hereunder in a safe, orderly and proper manner, considering the nature of such operation so as not to unreasonably annoy, disturb, endanger or be offensive to others at the Airport or around the Premises.
- B. Control, within reason, the conduct of its employees, invitees, and of those doing business with it and, upon objection from City concerning the conduct, shall immediately take all reasonable steps necessary to remove the cause of objection.
- C. Remove from the Premises or otherwise dispose of in a lawful manner all garbage, debris and other waste materials (whether solid or liquid) arising out of its occupancy of the Premises or out of its operations. Any such debris or waste which is temporarily stored in the open, shall be kept in suitable garbage and waste

receptacles equipped with tight-fitting covers and designed to safely and properly contain whatever material may be placed therein. Lessee shall use reasonable care when effecting removal of all such waste and adhere to City's Storm Water Best Management Practices (**Exhibit B**).

- D. Not commit any nuisance, waste, or damage to the Premises or other areas of the Airport, ordinary wear and tear excepted, and shall not do or permit to be done anything which may result in the creation or commission or maintenance of such nuisance, waste or damage to the Premises.
- E. Not create nor permit to be caused or created upon the Airport or the Premises any obnoxious odor, smoke or noxious gases or vapors.
- F. Not do or permit to be done anything which may interfere with effectiveness or accessibility of any utility or other system, including, the drainage and sewage system, fire protection system, sprinkler system, alarm system, fire hydrants and hoses, if any, installed or located on the Premises.
- G. Not overload any floor or paved area on the Premises and shall repair any floor, including supporting members, and any paved area damaged by overloading.
- H. Not do or permit to be done any act or thing upon the Premises:
 - (1) Which will invalidate or conflict with any fire insurance policies covering the Premises or any part thereof or other contiguous property; or
 - (2) Which may constitute an extra-hazardous condition so as to increase the risks normally attendant upon the operations permitted by this Lease.
- I. Not keep or store flammable liquids within any covered and enclosed portion of the Premises in violation of applicable law or in excess of Lessee's working requirements. Any such liquids having a flash point of less than 110°F shall be kept and stored in safety containers of a type approved by the Underwriters Laboratories.
- J. Pay all applicable sales taxes, ad valorem taxes and any other taxes or assessments with respect to or against the Premises or the leasehold estate, whether billed to the City or the Lessee. Lessee reserves the right to contest any such taxes and withhold payment of such taxes, so long as the nonpayment of such taxes does not result in a lien against the leased Premises or a direct liability on the part of City.
- K. Be responsible for all cost and expenses relating to taxes, insurance and maintenance with respect to the Premises regardless of whether buildings and improvements are then owned by Tenant or City and the operation of the Premises as this Lease is deemed to be a net lease.

ARTICLE IV

DAMAGE, DESTRUCTION, RESTORATION OF PREMISES

Sec. 4.1. Damage or Destruction and Restoration. In case of any material damage to or destruction of the Premises or any part thereof, Lessee will give prompt notice to the City and, excepts as otherwise herein provided in Section 4.2, Lessee shall have the option to:

- A. Promptly commence and complete with due diligence and in accordance with plans approved by Lessee and the City, the restoration of the Premises as nearly reasonably practicable to the value and condition thereof immediately prior to such damage or destruction (with alterations, at Lessee's election, and with the prior consent and approval of the City), or
- B. If Lessee and the City mutually agree, Lessee may use the insurance proceeds to construct facilities providing equal security protection for any bondholders to those facilities not restored. In the event of such damage or destruction, the proceeds from all property insurance policy or policies shall be devoted exclusively to the restoration of the Premises except as provided elsewhere in this Lease.

Sec. 4.2. Lessee's Election Not to Restore Damaged Property. In the event of damage to or destruction or loss of such improvements by an insured risk, which damage, destruction or loss is not capable of being repaired within 90 days, Lessee shall have the election, indicated by written notice given to City within 90 days after the occurrence of such event, not to repair, restore, rebuild or replace the improvements, such election to be effective as of the date of such damage, destruction or loss and, upon such election, Lessee shall be relieved of all further liability and obligations hereunder. In the event Lessee exercises the foregoing election, the net amount of the insurance proceeds received by it from the insurance required herein on the property shall be forwarded to City. In the event Lessee does not exercise the foregoing election, or in the event said damage, destruction or loss is capable of being repaired within 90 days, Lessee shall promptly repair, replace, restore or rebuild said improvements to the extent of the insurance proceeds received by it, as nearly as possible to the condition said improvements were in immediately prior to such damage, destruction or loss, or with such changes or alterations as may be approved by City. If such damage, destruction or loss occurs within the last six months of the term of this Lease, then Lessee shall have the option either to effect such repair, replacement, restoration or rebuilding or, in lieu thereof, to pay to City the proceeds received by reason of such damage, destruction or loss from the insurance required herein.

Sec. 4.3. Reconstruction Prohibited. Constructed in the early 1950s, Hangar 5B pre-dates provisions of FAR Part 77, in particular § 77.19, Civil Airport Imaginary Surfaces. The hangar is located 304 feet from the centerline of Runway 3-21 which places it inside the Primary Surface. The Primary Surface is longitudinally centered on a runway and extends 200 feet beyond the runway end and is 1,000 feet wide (500 feet to the runway centerline). The Primary Surface is required to be free from obstacles that are not fixed by function (e.g., NAVAIDs, visual approach aids, etc.). The Primary Surface for Runway 3-21 is 1,000 feet wide due to the ¾-mile minimum visibility approach procedure to Runway 3.

Due to Hangar 5B's location within the Primary Surface, the FAA has advised in the event the hangar is damaged beyond repair or destroyed due to a man-made accident or incident, or natural disaster, reconstruction in the current location would be considered a Hazard to Air Navigation and would not be permitted according the FAA Sponsor Assurances and 14 Code of Federal Regulations (CFR) Part 139, *Airport Certification*.

ARTICLE V IMPROVEMENTS

Sec. 5.1. Improvements to Premises. Lessee shall be responsible, at the Lessee's sole expense, for any and all improvements made to the Premises during the term of this Lease. All improvements shall be made in accordance with the provisions of this lease.

Sec. 5.2. Construction of Project. "Improvements" shall mean all improvements now existing or hereafter placed on the Premises as permitted by this Lease. Within five (5) business days following the date of this Lease, City will provide to Lessee a Project Exemption Certificate exempting purchases related to the construction of improvements from Missouri sales and use tax as permitted by applicable law.

Sec. 5.3. Plans and Specifications. Construction or additions to the Premises will not be made by Lessee without prior written approval of the Director of the Aviation Department ("Director"). Director approval will not be required for remodeling and/or refreshing of the Premises that does not require building and/or building system improvements. Lessee shall submit to City for its approval for review, the Plans and Specifications. The Plans and Specifications shall be prepared by architects and engineers registered in the State of Missouri.

This approval shall be in the form of a separate Tenant Modification Agreement through the Aviation Department's Engineering Division signed by City and Lessee. The Tenant Modification Agreement may have requirements for payment and performance bonds, prevailing wage, Minority/Women's Business Enterprise participation, and Federal Aviation Administration review, among other conditions. The City and Director shall review any such request by Lessee within forty-five (45) days following Lessee's written request and submissions of corresponding Plans and Specifications. The City acknowledges that the Plans and Specifications are subject to modification on the basis of the timing of the Award and the final approval of the Plans and Specifications by the City, and agrees that the City and Director shall consent to modifications to the Plans and Specifications submitted by Lessee if the same do not materially differ in exterior appearance, traffic flow, and adequacy of parking from Plans and Specifications previously approved by the City and Director.

Factors relevant to approval are limited to: exterior appearance, traffic flow, and adequacy of parking. All construction and Improvements undertaken by Lessee shall be completed in a workmanlike manner without damage to existing facilities, subject to the terms and conditions set forth in **Exhibit "C"**, Responsibilities of Lessee and City. It is understood that adequate parking for the Premises will be constructed and maintained by the Lessee. Parking of vehicles, trucks or motorized equipment outside of designated parking areas will not be allowed except as needed during times of construction for the purposes of convenience for contractors and deliveries provided such parking on the sides of the road allowing the safe and convenient flow of vehicular traffic. Parking areas on the Premises are exclusively to be used for the use and benefit of the Premises.

Sec. 5.4. Public Improvements. Any utilities, storm water drainage, or new or redirected roadways for ingress or egress required shall be incorporated into Lessee's Plans and Specifications submitted for City's review and approval under Section 5.2 and completed at Lessee's sole cost and expense.

The City reserves, for and benefit of the City and the public, the right to paint a mural on the entirety of the exterior north wall of the Hangar at some point in the future to commemorate the history of the City and/or the Airport. The City, in its discretion, reserves the right to determine the theme and appearance of the mural. Costs associated with the design, completion and maintenance of the mural will be fully paid for by the City.

Sec. 5.5. Critical Path. Upon Lessee's receipt of the approvals required herein, Lessee shall endeavor to prepare a Critical Path Method schedule for approval by the City and Director that

will outline the timing of the completion of the Improvements. This schedule shall be submitted and approved by the City and Director before a Notice to Proceed with construction is issued, such approval not to be unreasonably withheld, conditioned or delayed.

Sec. 5.6. Ownership of Improvements. Upon the expiration or earlier termination of this Lease, title to and all rights of ownership in the Hangar facilities (and apron) constructed by Lessee shall vest in the City. All permanent improvements, shall be free and clear of all liens and other interests, including mortgage interest, except as defined and approved in this lease. Title to all personal property, furnishings and trade fixtures, unless paid for by the City, shall be and remain with Lessee and may be removed from the Premises at any time, provided Lessee is not then in default thereunder, and further provided Lessee exercises care in the removal of same and repairs any damage to the Premises caused by said removal. Personal property, furnishing and trade fixtures which are paid for by the City shall be titled to the City, and shall not be removed from the Premises without prior written consent of the City. Upon written demand, Lessee shall execute and deliver to the City a proper document on conveyance evidencing such transfer or title.

ARTICLE VI MORTGAGE RIGHTS

Sec. 6.1. Mortgage of Leasehold Interest Rights.¹ Lessee shall not mortgage, pledge, or hypothecate the leasehold interest without the prior written consent of the City. As a condition precedent to obtaining the consent of the City, Lessee and its lender shall provide to City written evidence that the priority rights of City under this Lease will not be adversely affected by such action. In addition, any leasehold mortgage, leasehold deed of trust or other security financing arrangement shall specifically acknowledge that such financing shall never be construed to pledge, mortgage, encumber, hypothecate, alienate or otherwise grant or convey all or any part of the fees simple title to the real property underlying the leasehold estate herein given, or leasehold improvements which are the property of the City, as the same is publicly-owned property not subject to encumbrance or involuntary sale or divestiture. If requested by Lessee, the Director can execute a commercially reasonable agreement with a proposed or existing leasehold mortgagee (a "Leasehold Mortgagee") setting forth the respective rights of the City and Leasehold Mortgagee in respect of this Lease.

Without limiting the content of any such agreement, the City agrees that such agreement may, among other things:

1. Grant to the Leasehold Mortgagee the right to receive notices of, and to cure, defaults by Lessee under this Lease
2. Permit the City to enter into a new Lease of the Premises for the then remaining term hereof in the event that this Lease is terminated due to default by or the bankruptcy of Lessee, provided no significant change in the use or the Premises
3. Allow the Leasehold Mortgagee to foreclose upon the interest of Lessee under this Lease and to subsequently convey such interest to a third party with the consent of the City for the same or a substantial similar purpose as defined in this lease. Any conveyance under this provision shall be governed by requirements of Article VII, as if an assignment of the lease

Sec. 8.2. Road Closures. City may at any time temporarily or permanently close any such roadway, and any other area at the Premises presently or hereafter used as such, so long as a means of ingress and egress is made available to Lessee. Lessee hereby releases and discharges City, its successors and assigns, of and from any and all claims, demands or causes of action which Lessee may now or at any time hereafter have against any of the foregoing arising or alleged to arise out of the closing of any street, roadway, or other areas used as such, whether within or outside the Premises, provided that City makes available to Lessee an alternate means of ingress and egress.

Sec. 8.3 Ingress & Egress. Lessee is granted the right, for itself, its agents, employees, patrons, suppliers and other persons doing business with Lessee, of ingress and egress to and from the Premises over Airport roadways, including the use of common use roadways, and other common areas as reasonably necessary to use the Premises, subject only to law and to such reasonable rules and regulations governing the use of the Airport as the Director may establish, including the establishment of a fee or charge for the privilege of entry upon the Airport; provided, however, that neither Lessee nor any of its subtenants, contractors, agents or invitees shall be charged any fee to gain access to the Premises. "Common areas" shall mean those areas which are furnished in and about the Premises for the common and non-exclusive use of Lessee and City and their officers, agents, employees, customers, invitees and licensees.

EXHIBIT “B”

STORM WATER BEST MANAGEMENT PRACTICES

The Airport operates under the requirements of a National Pollutant Discharge Elimination System (“**NPDES**”) Permit issued by the Missouri Department of Natural Resources (“**MDNR**”). The NPDES Permit imposes controls that assure that the Airport storm water discharges meet applicable water quality standards. NPDES controls are implemented at the Airport by operation of the Airport Storm Water Pollution Prevention Plan (“**SWPPP**”). Under the terms of the Permit, the Airport is responsible to the State of Missouri for all industrial and storm water discharges origination on Airport property. Each tenant is responsible to the Airport for contributions to the Airport industrial and storm water that originate for the tenant’s leases property and from the tenant’s activities anywhere on Airport property.

The following Best Management Practices (“**BMP**”) require conformity to NPDES Permit mandates for activities that take place on Airport property. These BMP’s apply to Airport departments, tenants, and all individuals (persons) whose activities could contribute to industrial or storm water discharges from Airport property. Airport departments and tenants are responsible for the actions of their personnel, contractors, supplies, services, providers, holders of operating permits, and all others who enter Airport property under their authorization.

1. All vehicles operated on the Airport shall be maintained in good condition at all times and be free of oil and gas leaks.
2. Each tenant operator shall keep individual areas clean pf vehicle liquid spills.
3. No tenant shall permit or cause to be permitted the discharge of flammable or combustible liquids or any waste liquid containing crude petroleum or its products into or upon any, street, highway, drainage canal, ditch, storm drainage system, lake, waterway or ground.

5. Tenants shall properly maintain fuel systems and oil water separators as to prevent discharge of petroleum contaminants to the Airport’s storm water discharge systems.
6. Outside use of soaps, surfactants or materials that would ultimately enter the storm water and negatively impact the Airport NPDES permit is prohibited.
7. Tenant will be responsible for initiating immediate containment of spills and immediate cleanup/remediation of releases that can or will impact storm water systems. Note: Application of oil dry on a petroleum sill without subsequent removal/disposal of oil dry from pavement does not constitute acceptable cleanup.
8. All spills, irrespective of exceeding environmental regulation reportable quantities, that could or have entered the storm water systems shall be reported to Airport immediately following initial actions taken to contain and/or cleanup the release. In the event that a release is deemed to be beyond the lessee’s ability to safely address or presents an immediate hazard to life, property or impact or storm water systems the Airport Communications Center shall be notified immediately.

9. The application of Aircraft Deicing Fluid ("ADF") is authorized on carrier and cargo aprons only. Any unused or out of specification ADF will be disposed of off Airport to include the ADF impact water (rinsate) from the cleaning of tanks and vehicles. Any inadvertent loss of ASF fluid that was not sprayed on an aircraft during winter operations constitutes a spill and will be cleaned up and disposed of in the same manner as a grease/oil spill.
