Submitted Department/Preparer: City Planning

Revised 6/10/24

Docket memos are required on all ordinances initiated by a Department Director. More information can be found in [Administrative Regulation \(AR\) 4-1](#).

Executive Summary

Vacating approximately 35,000 square feet of right-of-way in Zoning District M1-5 (Manufacturing) generally located on North Olive Street between Rochester Avenue and Nicholson Avenue and directing the City Clerk to record certain documents. (CD-ROW-2025-00036)

Discussion

This application proposes to vacate a portion of North Olive Street, bound by Nicholson Avenue to the north and the alley north of Rochester Avenue to the south. The proposed right-of-way vacation is approximately 50 feet in width and approximately 700 feet in length, at its longest point. The proposed 35,000 square foot vacation request is from Sarah Burger, the attorney representing the property owner of 700 & 701 North Olive Street. The goal of the vacation is to take over the right-of-way and maintain the street after years of dilapidation. The property owner plans to repave the street. After approval of the vacation, the property owners plans to keep the street open to the public.

Development Management staff recommended a maintenance agreement with the Public Works Department in order to improve the street, however the Public Works Department declined this option and recommended the property owner vacate the right-of-way. Staff is concerned regarding access from Nicholson Avenue for the property owners on the south side of North Olive Street that won't be vacated. There is one property owner that has multiple properties along North Olive Street that still use the portion of North Olive Street (proposed to be vacated) as a form of access. There are public and private utilities located in the public right-of-way. The Water Services Department has a sewer and water main within the full length of the public right-of-way. The Water Department requires that the applicant retain an easement or relocate facilities at the applicant's expense. AT&T, Spire and Evergy also have utilities within the right-of-way which will also require easements be retained or the utilities be relocated.

There was public testimony provided at the City Plan Commission in opposition.
