PLAN REVIEW

The street proposed to be vacated is an improved section of public right-of-way that currently dead-ends approximately 260 feet south of Northeast Barry Road and North Cleveland Avenue. The proposed 17,000 square foot vacation of right-of-way was proposed during the development plan process. Ordinance No. 250276 proposes to demolish the road and create a new road that will continue to the southeast and eventually end. There is an additional application that will vacate Northeast Barry Road east of North Cleveland Avenue to the west.

There are public and private utilities located within the right-of-way. Water Services has a water main on the west side of North Cleveland Avenue. The Water Services Department is requiring the applicant retain an easement or have the utilities relocated. Every and Spectrum Charter also have utilities located in the right-of-way which will require an easement be retained or the utilities be relocated. AT&T has utilities in the right-of-way, but have agreed to relocate them, if the applicant will allow 30-60 days to retire the existing cable in place.

SPECIFIC REVIEW CRITERIA

Street, Alley or Plat Vacations

In order to determine that no private rights will be unreasonably injured or endangered by the vacation and the public will suffer no unreasonable loss or inconvenience, the city planning and development director, city plan commission, and city council must consider at least the following factors:

88-560-10-A. All property owners adjacent to the right-of-way shall have legal access to another public right-of-way. Such access shall be physically feasible and shall not result in an unreasonable burden or unsafe conditions on the alternate right-of-way.

All adjacent property owners will retain legal access to other public right-of-way. The whole site is set to be redeveloped and additional dedications of public right-of-way are proposed.

88-560-10-B. The retention of the public right-of-way or subdivision serves no current purposes and no future useful public purpose is anticipated.

The existing right-of-way only serves parcels within the approved development and serves no current or future useful public purpose. The right-of-way dead ends approximately 125 feet from Highway 152 and the street cannot be extended.

88-560-10-C. The vacation will not result in a violation of 88-405.

The vacation will not be in violation of 88-405, it will bring the right-of-way into conformance by removing a dead-end street.

88-560-10-D. The vacation shall not disrupt the constructed street network or reduce existing physical connectivity.

The vacation will not disrupt any street network and will not have a small impact on physical connectivity.

88-560-10-E. The vacation shall not result in a dead-end street or alley.

The proposed vacation will not result in a dead-end street. It will bring the street into compliance by vacating a portion of North Cleveland, resulting in no dead-ends.

88-560-10-F. The vacation shall not result in street traffic being routed through an alley.

No traffic will be routed through an alley as a result of this vacation.

88-560-10-G. The vacation shall not vacate half the width of a street or alley.

This vacation will not vacate half the width of any street or alley.

88-560-10-H. The right-of-way to be vacated is not on the Major Street Plan.

The area being vacated is not on the Major Street Plan.
