I strongly support Resolution 240412. I am a law abiding Kansas City citizen, and I expect our city elected officials to be stewards of our state's and country's laws and do what is best for our citizens. Kansas City is not a sanctuary city and I will never support it becoming one. Bringing new businesses to the metro area is only a win for the city if it brings jobs to the citizens that are here legally already. It is prohibited to hire an illegal immigrant and Kansas City should support the efforts of ICE to control the illegal flow of individuals from around the world. I strongly disagree with the statements made recently by Mayor Quentin Lucas, inviting illegal immigrants to come to Kansas City for jobs. Our mayor should not be encouraging other cities such as Denver and New York to send their problems to us. We have many unemployed, disenfranchised people currently living in our city. Let's help them find meaningful work. Let's focus our efforts on controlling crime in our city so we are no longer one of the top 10 crime rate cities in the country. We have invited the world to our city, so let's make sure it is a safe place to come visit.

Thank you,
Kathy Eisenbeis
