Dear KC Council,

I want to express my support of Ordinance 251028 which would regulate the sale of psychoactive substances and related paraphernalia in KC. We are seeing more and more how these addictive substances are affecting our community. I work with kids in KC and it is mortifying that they can walk in to a store and so easily get their hands on these mind altering drugs.

Please protect the adults and kids in KC by passing this ordinance. I believe KC passing this would encourage other surrounding towns to adopt similar protecting ordinances. All of our citizens deserve a healthy and safe environment.

Thank you!

Shawn Warfield
