Discussion

The request is to consider approval of a Final Plat in District MPD on about 12 acres generally located at the northeast corner of East 18th Street and Woodland Avenue to allow for the creation of 4 lots and 1 tract for the purposes of a multiunit residential development. This use was approved in Case No. CD-CPC-2024-00096 which served as the Preliminary Plat. The Preliminary Plat proposed to develop a mixed-use community consisting of 1,084 units in three phases. The development will offer a mixture of housing types including multi-unit buildings, for sale townhomes, senior living, and affordable housing. This Final Plat is in conformance with the Preliminary Plat as well as the lot and building standards of Section 88-280 of the Zoning and Development Code.

Final Plats are the legal instruments used to formally subdivide land in accordance with the layout approved in the Preliminary Plat, which is often presented in multiple phases, as this proposed plat is. The review of a Final Plat includes verification that all required public utilities have been properly extended and accepted by the City, and that stormwater detention covenants have been finalized and reviewed for compliance. This Final Plat is consistent with the previously approved Preliminary Plat and complies with all applicable lot and building standards outlined in Section 88-110 of the Zoning and Development Code.
