Ordinance/Resolution #: 260476

Submitted Department/Preparer: Public Works

Revised 01/30/25

Docket memos are required on all ordinances initiated by a Department Director. More information can be found in [Administrative Regulation \(AR\) 4-1](#).

Executive Summary

This ordinance reallocates \$1,500,000.00 within the GO 2027 Q1 Fund and the Capital Improvements Fund to support right-of-way acquisition for the 31st and Van Brunt Boulevard project (Project No. 89008232), while maintaining overall project funding levels and advancing the Street Preservation program.

Discussion

Ordinance 260210 previously allocated \$4,000,000.00 to Project No. 89008232 (31st and Van Brunt Boulevard). The project is fully funded for right-of-way acquisition and construction through a combination of funding sources, including the Capital Improvements Fund, GO Bond funds (planned for FY28 and already allocated), and a federal grant match.

This legislation shifts \$1,500,000.00 of GO Bond funding from the 31st and Van Brunt project to the Street Preservation program and replaces it with \$1,500,000.00 in Capital Improvements funding that is eligible for right-of-way acquisition. This ensures the project can proceed while maintaining funding commitments for both the project and the Street Preservation program.
