Subject: Vote YES - Ordinance 230613 and Resolution 230618
Date: Sunday, July 30, 2023 7:40:05 PM

Dear Members of the City Council,

Please vote in support of Ordinance 230613 and Resolution 230618.

I live North of the river and work downtown. It's so important to have safe streets and continuous bike infrastructure so people can use alternative modes of transportation. I ride an ebike so that I can save gas money, get exercise, and limit my carbon footprint. Not everyone can afford to drive, so providing safe roads allows a lot of people to get to school or jobs without spending money on gas. Please vote yes on these two important ordinances!

Regards,
Ann Plautz
