Executive Summary

Accepting and approving a one year \$166,260.00 grant award with Missouri Department of Health and Senior Services for the City's Public Health Preparedness program; estimating and appropriating the sum of \$166,260.00 in the Health Grants Fund; designating requisitioning authority; and recognizing this ordinance as having an accelerated effective date.

Discussion

The Public Health Emergency Preparedness grant funds the Kansas City Health Departments (KCHD) Public Health Preparedness Program (PHP) which serves as the base program allowing the department to plan, develop and sustain the department's emergency response capability and capacity.

This capability and capacity allow the program to develop and execute plans for mass dispensing, large venue public health events and clinics as well allowing the department to aid in other large scale response activities such as mass sheltering and mass patient care activities.

PHP program operations also allow the KCHD to actively respond with other local, regional and national first responders (Police, Fire, EMS) agencies in a coordinated "all hazards approach" to events that may have a Public Health impact.

The PHP program supports and maintains the KCHD's 24/7/365 Duty Officer notification system allowing KCHD to receive, process and respond to public health requests of an emergent nature.
