Subject: Case # 230198
Date: Tuesday, March 7, 2023 2:15:37 PM

I am writing this to voice my concerns over the proposed loss of public and employee parking re: case #230198. With regard to the employee parking, the employee hiring climate is still rough post pandemic, and although employees are ready to get back to work, they have a reasonable expectation to be able to park within a reasonable distance to their employer. Regarding customer parking, there is already a shortage spots for the high demand, especailly during peak season.

My best-

Grant Norris
