Re: **CD-CPC-2025-00033** - A request to approve a Development Plan in proposed District R-6 (Residential) on about 20 acres generally located at the southwest corner of Northwest 68th Street and North Madison Avenue allowing for the creation of 57 lots and 5 tracts for the purpose of a single unit home development.

Dear Qiyamah E Muhammad:

At its meeting on April 16, 2025, the City Plan Commission acted as follows on the above-referenced case.

Recommend Approval with Conditions

The Commission's action is only a recommendation. Your request must receive final action from the . All conditions imposed by the Commission, if any, are available on the following page(s).

PLEASE READ CONDITIONS CAREFULLY as some or all of the conditions imposed may require action on your part to proceed to the next step.

- If revised plans are required, you must make such revisions and upload the revised plans prior to proceeding to final action.
- If revised plans are not required, your request will automatically be submitted for final consideration.

If you have any questions, please contact me at matthew.barnes@kcmo.org or (816) 513-8817.

Sincerely,

A handwritten signature in black ink, appearing to read "Matthew Barnes".

Matthew Barnes
Lead Planner

Condition(s) by City Planning and Development Department. Contact Genevieve Kohn-Smith at (816) 513-8808 / genevieve.kohn-smith@kcmo.org with questions.

1. The developer shall submit an affidavit, completed by an ISA certified arborist, an SAF certified forester, a professional engineer, or a landscape architect licensed in the State of Missouri, verifying that all trees preserved and all trees planted to meet mitigation required of the approved plan, whichever is applicable, has been installed or preserved in accordance with the plan and is healthy prior to Certificate of Occupancy.

Condition(s) by City Planning and Development Department. Contact Matthew Barnes at (816) 513-8817 / matthew.barnes@kcmo.org with questions.

2. The developer shall submit an affidavit, completed by a landscape architect licensed in the State of Missouri, verifying that all landscaping required of the approved plan has been installed in accordance with the plan and is healthy prior to Certificate of Occupancy. This condition may be satisfied by an assigned City Planning and Development Building Inspector.
3. That prior to issuance of the Certificate of Occupancy for each lot within the plat the developer shall submit an affidavit, completed by a landscape architect licensed in the State of Missouri, verifying that street trees have been installed in accordance with the approved Street Tree Planting Plan and are healthy. This condition may be satisfied by an assigned City Planning and Development Building Inspector.
4. That prior to issuance of the Certificate of Occupancy for the first house built the developer must post a sign at the terminus of all stub streets indicating that the stub street is intended to be opened to through traffic when the adjacent property is developed. The sign must state "FUTURE THROUGH STREET. TO BE CONNECTED WHEN ABUTTING PROPERTY DEVELOPS."
5. That prior to recording of the Final Plat the developer shall secure approval of a project plan from the City Plan Commission for each Private Open Space Tract.
6. That prior to submitting an application, for a Final Plat please submit and gain approval of a Street Name Plan by the Street Name Committee for the entire site. Please coordinate with Justin Smith at Justin.Smith@kcmo.org if you have any questions.

Condition(s) by Fire Department. Contact Michael Schroeder at (816) 513-4604 / michael.schroeder@kcmo.org with questions.

7. A required fire department access roads shall be an all-weather surface. (IFC-2012: § 503.2.3) (No Grass Pavers Allowed)
8. Fire hydrants shall be installed and operable prior to the arrival of any combustible building materials onto the site. (IFC-2018 § 501.4 and 3312.1; NFPA 241-2013 § 8.7.2) Fire hydrant distribution shall follow IFC-2018 Table C102.1
9. The developer shall meet the fire flow requirements as set forth in Appendix B of the project International Fire Code 2018. (IFC-2018 § 507.1)
10. Fire Department access roads shall be provided prior to construction/demolition projects begin. (IFC-2018 § 501.4 and 3310.1; NFPA 241-2013 § 7.5.5)
11. The turning radius for fire department access roads shall be 30 feet inside and 50 feet outside radius. (IFC-2018: § 503.2.4)
12. Required fire department access roads shall designed to support a fire apparatus with gross axle weight of 85,000 pounds. (IFC-2018: § 503.2.3)
13. One and two family residential developments exceeding 30 dwelling units shall have at least two separate and approved fire apparatus access roads (IFC-2018: § D107.1)
14. Where two fire apparatus access roads are required, they shall be placed a distance apart equal to not less than one half of the length of the maximum overall diagonal dimension of the lot or area to be served, measured in a straight line between accesses. (IFC-2018: § D106.3)

Condition(s) by Parks & Recreation. Contact Richard Sanchez at (816) 513-7678 / richard.sanchez@kcmo.org with questions.

Condition(s) by Parks & Recreation. Contact Richard Sanchez at (816) 513-7678 / richard.sanchez@kcmo.org with questions.

15. The developer shall be responsible for dedication of parkland, private open space in lieu of parkland, or payment of cash-in-lieu of either form of dedication, or any combination thereof in accordance with 88-408. Should the developer choose to pay cash-in-lieu of dedicating all or a portion of the required area, the amount due shall be based upon the 2025 acquisition rate of \$20,065.67 per acre. This requirement shall be satisfied prior to recording of the Final Plat.
16. The developer shall submit a final plan detailing recreational amenities proposed within each private open space tract serving to satisfy the parkland dedication requirements. Please note, each area shall provide recreational amenities. Final plan shall be submitted prior to recording of the Final Plat.

Condition(s) by Parks & Recreation. Contact Virginia Tharpe at / virginia.tharpe@kcmo.org with questions.

17. The developer shall be responsible for tree preservation in an easement or platted tract, mitigation planting, or payment of cash-in-lieu of preservation or mitigation planting, or any combination thereof in accordance with 88-424. Should the developer choose to pay cash-in-lieu of preservation or mitigation of all or a portion of the required area, the amount due shall be based upon the rate specified in 88-424. This requirement shall be satisfied prior to issuance of certificate of occupancy, or prior to the recording of the final plat, whichever occurs first.

Condition(s) by Public Works Department. Contact Terry Thomas at (816) 513-2510 / Terry.A.Thomas@kcmo.org with questions.

18. The developer shall submit verification of vertical and horizontal sight distance for the drive connection to public right-of-way to the Land Development Division and make improvements to ensure local jurisdiction and/or minimum AASHTO adequate sight distance standards are met, prior to issuance of any certificate of occupancy.
19. The developer shall submit a letter to the Land Development Division from a Licensed Civil Engineer, Licensed Architect, or Licensed Landscape Architect, who is registered in the State of Missouri, that identifies sidewalks, curbs, and gutters in disrepair as defined by Public Works Department's "OUT OF REPAIR CRITERIA FOR SIDEWALK, DRIVEWAY AND CURB revised 11/5/2013" and based on compliance with Chapters 56 and 64 of the Code of Ordinances for the sidewalks, curbs, and gutters where said letter shall identify the quantity and location of sidewalks, curbs, gutters that need to be constructed, repaired, or reconstructed to remedy deficiencies and/or to remove existing approaches no longer needed by this project. The developer shall secure permits to repair or reconstruct the identified sidewalks, curbs, and gutters as necessary along all development street frontages as required by the Land Development Division and prior to issuance of any certificate of occupancy permits including temporary certificate occupancy permits.
20. That the east half of N Holly St shall be improved to residential collector street standards as required by Chapter 88, to current standards, including curbs and gutters, sidewalks, street lights, relocating any utilities as may be necessary and adjusting vertical grades for the road, etc., and obtaining required permit from Land Development Division for said improvement prior to recording the plat or prior to issuance of a Building Permit, whichever occurs first.
21. The developer shall integrate into the existing street light system any relocated existing street lights within the street right-of-way impacted by the new drive or approach entrances as required by the Land Development Division, and the relocated lights must comply with all adopted lighting standards.
22. The developer shall pay impact fees as required by Chapter 39 of the City's Code of ordinances as required by the Land Development Division.
23. The developer shall submit a streetscape plan for approval and permitting by the Land Development Division prior to beginning construction of the streetscape improvements in the public right of way, and construct ADA compliant ramps at all required locations where new private drives are being added, or where existing sidewalks are modified or repaired.
24. The developer shall construct temporary off-site cul-de-sacs and grant a city approved temporary cul-de-sac easement, for that portion outside of the dedicated street right-of-way, to the City as required by the Land Development Division, prior to recording the plat.
25. The developer must design and construct all interior public streets to City Standards, as required by Chapter 88 and the Land Development Division, including curb and gutter, storm sewers, street lights, and sidewalks.

Condition(s) by Water Services Department. Contact Heather Massey at (816) 513-2111 / heather.massey@kcmo.org with questions.

26. The developer shall have a water flow test done to ensure there is adequate water pressure to serve the development.
South of River contact - Patrick Lewis (816) 513-0423
North of River contact - David Gilyard (816) 513-4772
27. The developer shall ensure that water and fire service lines should meet current Water Services Department Rules and Regulations. Prior to issuance of Certificate of Occupancy.
<https://www.kcwater.us/projects/rulesandregulations/>

Condition(s) by Water Services Department. Contact Kirk Rome at (816) 513-0368 / kirk.rome@kcmo.org with questions.

28. The developer must submit water main extension plans prepared by a Missouri PE to the water main extension desk for review, acceptance per the KC Water Rules and Regulations for Water main extensions and Relocations and generally following the size and location as shown on the development plans utility plan sheet. The water main extension plans shall be under contract (permitted) prior to final plat recording or building permit issuance.
(<https://www.kcwater.us/wp-content/uploads/2022/05/2022-Rules-and-Regulations-for-Water-Main-Extensions-Final2.pdf>).

Condition(s) by Water Services Department. Contact Philip Taylor at / philip.taylor@kcmo.org with questions.

29. The developer shall submit a storm drainage analysis from a Missouri-licensed civil engineer to KC Water, in accordance with adopted standards, including a BMP level of service analysis prior to approval and issuance of any building permits, and that the developer secure permits to construct any improvements as required by KC Water prior to issuance of any certificate of occupancy.
30. The developer must obtain the executed and recorded city approved grading, temporary construction, drainage/sewer, or any other necessary easements from the abutting property owner(s) that may be required prior to submitting any public improvements crossing properties not controlled by the developer and include said document(s) within the public improvement applications submitted for permitting.
31. The owner/developer must submit plans for grading, siltation, and erosion control to KC Water for review and acceptance, and secure a Site Disturbance permit for any proposed disturbance area equal to one acre or more prior to beginning any construction activities.
32. The developer shall submit an analysis to verify adequate capacity of the existing sewer system as required by KC Water prior to issuance of a building permit to connect private system to the public sewer main and depending on adequacy of the receiving system, make other improvements may be required.
33. The developer must secure permits to extend public sanitary and storm water conveyance systems to serve all proposed lots within the development and determine adequacy of receiving systems as required by KC Water, prior to recording the plat or issuance of a building permit whichever occurs first.
34. The developer must grant a [BMP and/or Surface Drainage Easement] to the City as required by KC Water, prior to recording the plat or issuance of any building permits.
35. The developer shall submit a Preliminary Stream Buffer plan prior to approval of the plan in accordance with the Section 88-415 requirements.
36. The developer shall submit a final stream buffer plan to KC Water for approval prior to issuance of any building permits and obtain permits for the Stream Buffer prior to removal of any mature riparian species within the buffer zones due to construction activities on the site, in accordance with the Section 88-415 requirements.
37. The developer shall cause the area to be platted and processed in accordance with Chapter 88, Code of Ordinances of the City of Kansas City, Missouri, as amended, commonly known as the Development Regulations.
38. The developer must grant on City approved forms, a STREAM BUFFER Easement to the City, as required by Chapter 88 and KC Water, prior to issuance of any stream buffer permits.

City Plan Commission Disposition Letter

CD-CPC-2025-00033

April 16, 2025

Condition(s) by Water Services Department. Contact Philip Taylor at / philip.taylor@kcmo.org with questions.

39. The developer must provide an erosion hazard analysis for areas where any improvements or public right-of-way dedications are proposed within stream buffer zones or adjacent to the outside of stream meanders as required by KC Water.
40. The developer must obtain a Floodplain Development Permit from Development Services prior to beginning any construction activities with the floodplain (Re-establishment of basin outlet).
41. The developer must submit covenants, conditions and restrictions to KC Water for review by the Law Department for approval for the maintenance of private open space and enter into a covenant agreement for the maintenance of any stormwater detention area tracts, prior to recording the plat.
42. The developer must submit covenants, conditions and restrictions to KC Water for review by the Law Department for approval and enter into covenant agreements for the maintenance of any private open space tracts with stream buffer zones or stormwater detention area tracts, prior to recording the plat.
