VACATION REVIEW

The street proposed for vacation is currently an unimproved roadway that terminates at the eastern boundary, adjacent to the Blue River. The parcels to the north and south of this right-of-way are owned by the applicant.

Within the public right-of-way, there are both public and private utilities. Evergy and AT&T are requiring that the applicant retain a utility easement and protect the facilities. Additionally, a public streetlight is located within this area, which the applicant is required to remove and return to the Public Works Department.

The applicant intends to vacate this right-of-way to facilitate the consolidation and replatting of adjacent lots under their ownership. There are no other adjacent property owners impacted by this vacation, aside from the lots owned by the City along the Blue River.

SPECIFIC REVIEW CRITERIA

Street, Alley or Plat Vacations

In order to determine that no private rights will be unreasonably injured or endangered by the vacation and the public will suffer no unreasonable loss or inconvenience, the City Planning and Development Director, City Plan Commission, and City Council must consider at least the following factors:

88-560-10-A. All property owners adjacent to the right-of-way shall have legal access to another public right-of-way. Such access shall be physically feasible and shall not result in an unreasonable burden or unsafe conditions on the alternate right-of-way.

This right of way vacation is for the unimproved paper street west of Hardesty Avenue at East 55th St. The adjacent property owners will retain legal access to public right-of-way via Hardesty Avenue.

88-560-10-B. The retention of the public right-of-way or subdivision serves no current purposes and no future useful public purpose is anticipated.

The street in question does not serve any current or future public purpose as the Blue River will prohibit any further development to the west.

88-560-10-C. The vacation will not result in a violation of 88-405.

The vacation will not result in any lots in violation of 88-405, the subdivision design and improvement section.

88-560-10-D. The vacation shall not disrupt the constructed street network or reduce existing physical connectivity.

The vacation will not disrupt any street network and will not have an impact on the physical connectivity.

88-560-10-E. The vacation shall not result in a dead-end street or alley.

The proposed vacation will not result in a dead-end street, as the entirety of the street is proposed for vacation.

88-560-10-F. The vacation shall not result in street traffic being routed through an alley.

No traffic will be routed through an alley as a result of this vacation.

88-560-10-G. The vacation shall not vacate half the width of a street or alley.

This vacation will not vacate half the width of any street or alley.

88-560-10-H. The right-of-way to be vacated is not on the Major Street Plan.
