Subject: Support Ordinance 220961
Date: Thursday, December 1, 2022 7:26:52 PM

Please pass the ordinance to protect Kansas City trees. I feel it is crucial that any new development include the preservation of as many trees as soon as possible and replacement of any removed canopy. The loss of many trees in Kansas City makes this even more imperative. Trees provide a much-needed canopy that provides shade and decreases increasing summer temperatures, they remove carbon from the environment and in addition to many other things makes our city more beautiful. this will help us reach our climate goals as a city. Thank you for your support of this ordinance.
