Revised 6/10/24

Docket memos are required on all ordinances initiated by a Department Director. More information can be found in [Administrative Regulation \(AR\) 4-1](#).

Executive Summary

Approving a residential development plan serving as a preliminary plat for approximately 278 units on about 1.98 acres, generally located on the parcels encompassed by Broadway Boulevard on the West, West 45th Terrace on the North, Wornall Road on the East, and West 46th Street on the South.

Discussion

The proposed plan is for a residential development plan with approximately 278 units and associated parking garage. The proposed plan will encompass the entire block, requiring the demolition of the existing structures. The proposed structure will be 77 feet tall and will feature walk-out apartments along the west and the north. The parking garage includes 296 parking spaces. The applicant is seeking deviations from the setback requirements on all sides of the development and the minimum lot area per unit requirement.

The City Plan Commission heard the application at the March 19, 2025 meeting. Six residents provided public testimony at the hearing in opposition to the project, specifically the height, the amount of parking, lack of green space for animal refuse, and density. The City Plan Commission added three additional conditions (conditions 9, 10, 12 as listed in the attached CPC disposition letter).

Prior to ordinance request the applicant worked with City Staff (Public Works and City Planning and Development) to discuss the added conditions and submitted revised plans showing the pet relief areas, updated native landscaping, and short term bicycle parking locations. Additionally, staff removed condition 1 in the CPC disposition letter because the applicant received approval from the Historic Preservation Committee regarding the demolition of the existing structures prior to CPC.

The applicant held a public engagement meeting in compliance with the Zoning and Development Code; written public testimony is attached to the Staff Report Packet. The City Plan Commission recommended approval, subject to conditions with a vote of 4-0.
