KYNAR 500® or HYLAR 5000® Resin-based Color Finishes

Berridge color finishes applied on Galvalume steel and aluminum substrates are produced with full strength Kynar 500® or Hylar 5000® resin. Kynar 500® or Hylar 5000® PVDF resin-based color finishes provide superior exterior durability and maximum resistance to ultraviolet radiation. All Berridge color finishes are processed on the Berridge continuous coil coating line in San Antonio, TX. Berridge Premium and Metallic colors require a nominal surcharge.
