Discussion

The request is to consider approval of a Final Plat in District B3-3 (Commercial) on about 8 acres generally located at the southwest corner of North Ambassador Drive and Northwest Old Tiffany Springs Road creating one (1) lot and two (2) tracts for a residential apartment development. This use was approved in Case No. CD-CPC-2023-00145 which served as the Preliminary Plat.

Final Plats are the legal instruments used to formally subdivide land in accordance with the layout approved in the Preliminary Plat, which is often presented in multiple phases, as this proposed plat is. The review of a Final Plat includes verification that all required public utilities have been properly extended and accepted by the City, and that stormwater detention covenants have been finalized and reviewed for compliance. This Final Plat is consistent with the previously approved Preliminary Plat and complies with all applicable lot and building standards outlined in Section 88-120 of the Zoning and Development Code.

The Preliminary Plat proposed to develop twelve lots for a mixture of uses including commercial and residential. The plan proposed to construct internal street connections as private streets. No public streets are proposed with this Final Plat.
