

COMMITTEE SUBSTITUTE FOR ORDINANCE NO. 251028

Amending Chapter 50, Code of Ordinances, by enacting a new section 50-206 and 50-207 for the purpose of prohibiting the sale of certain unregulated drugs and dangerous chemical inhalants within the City and providing for a delayed effective date.

WHEREAS, a number of vape shops, convenience stores, gas stations, and smoke shops within Kansas City sell products such as Kratom, 7-OH, and nitrous oxide; and

WHEREAS, these products are currently sold with little oversight, regulation, and enforcement and pose health and public safety concerns; and

WHEREAS, residents and community members have reported that unregulated psychoactive substances have contributed to addiction, dependence, and significant health harms among their loved ones;

WHEREAS, the Kansas City Health Department (“KCHD”) has reported that the Overdose Fatality Review Board recently examined a case involving a polysubstance overdose in which Kratom was detected on the autopsy toxicology screen, and the Board is continuing to monitor and evaluate future cases involving these substances; and

WHEREAS, KCHD advises that there are no FDA-approved medical uses for Kratom or its alkaloids, that Kratom is not legally marketed in the United States as a drug product, dietary supplement or food additive, and that federal health agencies warn against its use; and

WHEREAS, on November 6, 2025, the City passed Committee Substitute for Resolution 250942, which directed the City Manager to evaluate kratom regulations in other Missouri municipalities and make recommendations within thirty (30) days for any necessary code amendments to regulate kratom in the City; and

WHEREAS, KCHD reports that nitrous oxide is not approved by the FDA for recreational use and that it has issued strong warnings regarding misuse outside of approved medical, dental, food processing or industrial settings; and

WHEREAS, the City’s Public Safety Task Force has observed that several businesses associated with nuisance activity or repeated disorder incidents sell certain unregulated substances, and the Task Force routinely recommends that these businesses discontinue the sale of such products in order to reduce nuisance conditions and improve safety on and around the premises; and

WHEREAS, these recommendations from the Task Force reflect ongoing concerns that the availability of these unregulated substances contributes to conditions that negatively impact public safety, neighborhood stability and the effective use of City resources; and

WHEREAS, the purpose of this ordinance is to regulate the sale of certain unregulated substances, including kratom products and dangerous chemical inhalants, and to protect the health and safety of Kansas City residents; and

WHEREAS, regulating the sale of these products is reasonable and necessary to protect the health, safety, and welfare of Kansas City residents and to prevent the continued availability of unregulated substances and products that pose clear risks to individuals and neighborhoods; NOW, THEREFORE,

BE IT ORDAINED BY THE COUNCIL OF KANSAS CITY:
