**Details**

**Is it good for the children?**

The topographic survey will produce base design information of existing conditions, upon which, park improvements will be developed. The planned improvements will provide dedicated, safe amenities for children and their families to be able to commune and recreate with others in the out-of-doors.

**How will this contribute to a sustainable Kansas City?**

The planned improvements will provide safe recreation opportunities to an underserved area of the City. This will allow for park users to travel shorter distances, therefore reducing vehicle use and roadway wear-and-tear. Little Blue Valley Park is also connected to multi-use trail. This will allow park users the opportunity to utilize non-
