Discussion

The request is to consider approval of a Final Plat in District R-7.5 (Residential) on about 2 acres generally located on the south side of Countryside Lane approximately 200 feet east on Booth Avenue allowing for the creation of 7 lots and 1 tract for an existing residential development. This use was approved in Case No. CD-CPC-2025-00193 which served as the Preliminary Plat. The Preliminary Plat proposed to legally establish lots which were illegally subdivided. The previous owner had subdivided by deed with the County without City consent. Approval of this Final Plat will legally establish these lots and remove Holds placed on the lots due to the illegal subdivision.

Final Plats are the legal instruments used to formally subdivide land in accordance with the layout approved in the Preliminary Plat, which is often presented in multiple phases, as this proposed plat is. The review of a Final Plat includes verification that all required public utilities have been properly extended and accepted by the City, and that stormwater detention covenants have been finalized and reviewed for compliance. This Final Plat is consistent with the previously approved Preliminary Plat and complies with all applicable lot and building standards outlined in Section 88-110 of the Zoning and Development Code.
