

Interdepartmental Communication

DATE: May 11, 2021

TO: Chairperson Lucas and Members of the Transportation, Infrastructure and Operations Committee

FROM: Michael Shaw, Director of Public Works

SUBJECT: Traffic Regulations Ordinance

Attached is a listing of TRAFFIC REGULATIONS which the Public Works Department initiated nearly 90 days ago. These regulations have undergone a period of test and evaluation and the Department is now preparing an Ordinance Request to make these regulations permanent. This list includes:

REGULATION	ORIGINATION DATE
No. 64971 through 65028	June 5, 2020
No. 65029 through 65078	July 15, 2020
No. 65079 through 65100	September 16, 2020
No. 65101 through 65114	October 26, 2020
No. 65115 through 65136	December 21, 2020
No. 65137 through 65151	February 1, 2021
No. 65152 through 65179	March 19, 2021

These regulations consist of various removals and installations of traffic control devices and signs. A description of the reasons these changes are recommended accompanies each entry on the listing.

In accordance with the Committee request, we are providing you advance information concerning the Ordinance we propose to introduce. Within the next few days this Ordinance Request will be filed with the City Clerk and appear on the Council Docket.

If you wish additional information or have questions or comments about any of the REGULATIONS which we recommend to become permanent, please contact my staff.

Approved

Michael Shaw
Director of Public Works
