Docket memos are required on all ordinances initiated by a Department Director. More information can be found in [Administrative Regulation \(AR\) 4-1](#).

Executive Summary

Approving the plat of Hill Creek Commons, an addition in Platte County, Missouri, on approximately 54 acres generally located at southwest corner of North Line Creek Parkway and Northwest Old Stagecoach Road, 3 lots and 8 tracts for the purpose of multi-unit residential development; accepting various easements; establishing grades on public ways; authorizing the Director of City Planning and Development and Director of Water Services to execute and/or accept certain agreements; and directing the City Clerk to facilitate the recordation of this ordinance and attached documents. (CLD-FnPlat-2025-00026)

Discussion

The request is for approval of a Final Plat in District R-7.5 on approximately 54 acres, generally located at the southwest corner of North Line Creek Parkway and Northwest Old Stagecoach Road. The plat creates three lots and eight tracts to accommodate a multi-unit residential development, consisting of 283 units.

This use was previously approved under Case No. CD-CPC-2024-00164, which served as the Preliminary Plat. The approved preliminary plat established a residential development of single-unit detached homes designed as a for-rent product, with the Development Plan allowing multiple homes per lot.

The Final Plat also proposes the construction and dedication of Northwest 90th Street, extending it from its current terminus west to connect with Line Creek Parkway. All other streets within the development will be private.

The proposed Final Plat conforms to the approved Preliminary Plat and complies with the lot and building standards of Section 88-110 of the Zoning and Development Code.

Final Plats are the legal instruments used to formally subdivide land in accordance with the layout approved in the Preliminary Plat, which is often presented in multiple phases, as this proposed plat is. The review of a Final Plat includes verification that all required public utilities have been properly extended and accepted by the City, and that stormwater detention covenants have been finalized and reviewed for compliance. This Final Plat is consistent with the previously approved Preliminary Plat and complies with all applicable lot and building standards outlined in Section 88-110 of the Zoning and Development Code.
