Discussion (explain all financial aspects of the proposed legislation, including future implications, any direct/indirect costs, specific account numbers, ordinance references, and budget page numbers.)

This ordinance estimates and appropriates funds received from a grant from the Missouri State Historic Preservation Office in the amount of \$15,000.00 to perform a study of Modern Architecture in Kansas City. The project will utilize volunteers and City Planning staff to survey non-single family properties built between 1945-1975 and hire a consultant with the grant funds to analyze the styles and types of buildings and make recommendations for further research and nominations to the National Register of Historic Places.

This project is supported by Goal #1 of *A Plan for Meaningful Communities*, the preservation plan for the city, to accelerate the identification and evaluation of historic resources to facilitate planning and compliance with federal, state, and local regulatory processes.
