## Docket Memo

Ordinance/Resolution #: 250046

Submitted Department/Preparer: City Planning

Revised 6/10/24

Docket memos are required on all ordinances initiated by a Department Director. More information can be found in [Administrative Regulation \(AR\) 4-1](#).

### Executive Summary

Rezoning an area of about 56 acres generally located at N. Line Creek Parkway and N.W. Old Stagecoach Road from District AG-R to District R-7.5 and approving a development plan to allow for residential development consisting of 283 dwelling units. (CD-CPC-2024-00169 & CD-CPC-2024-00164)

### Discussion

The applicant is proposing to rezone the subject property to R-7.5 (Residential) to allow for a residential development. NW 90th Street currently terminates on the western edge of the site where Menards is located, and N. Line Creek Parkway runs north-south along the eastern perimeter of the site. The site is heavily wooded and generally flat. The applicant is proposing to construct 283 dwelling units distributed across eleven different models and layouts of homes. All the structures will be constructed on a slab with no basement. This development will be constructed as a build-to-rent (BTR) product and the developer will retain ownership of the homes. The homes will range in size from a one bedroom at 800 square feet, up to four bedroom homes which are approximately 1,800 square feet. Staff appreciate the different options in size, attention to architectural variety and the general neighborhood scale and character that is proposed within this development.

The development will consist of two lots, divided by NW 90th Street. The developer will be responsible for extending and constructing NW 90th Street, a public street roughly a quarter of a mile from Menards on the west to N. Line Creek Parkway on the east. All the streets north and south of NW 90th Street will be private streets and shall be maintained by the master developer. The applicant did coordinate with the Public Works Mobility Division and will construct a raised intersection at the intersection of NW 90th Street and one block west of (labeled Private Road E on the site plan) N. Line Creek Parkway. The raised intersection will promote pedestrian safety and encourage slower vehicular speeds along the generally straight NW 90th Street.

Staff recommends approval for the proposed rezoning and development plan. On January 15<sup>th</sup>, 2025 the City Plan Commission (CPC) voted 6-0 to approve the rezoning and development plan applications.

The applicant held the required public engagement meeting on December 10, 2024 and then held an additional meeting with a nearby neighborhood association.

There was no testimony in opposition to the application at the City Plan Commission hearing. Staff did receive a letter from Menards stating that the retail establishment was constructed prior to this residential development application being submitted.
