Details

Solicitation

This Consultant was selected in accordance with Code Section 2-1584(g).

Contractor Selection

Since this contract is contemplated as a multi-phase, several million dollar contract, Black and Veatch Corporation was selected as the most qualified contractor through a city-wide selection process.

Human Relations Approval

Contract information was submitted to the Human Relations Department for review and determination on May 2, 2012, and was approved May 7, 2012.

Date RFP/Q Advertising Began 11/1/11

RFQ/P Receive Date 12/2/11

Grant Funding

N/A for this ordinance.

Is it good for the children? Yes.

How will this contribute to a sustainable Kansas City?

This project will provide for new storage and pumping capacity to manage wet weather flows from the City's sanitary sewer system; reducing overflows from the system and improving water quality in Kansas City's streams and rivers. The project will utilize existing assets of the utility wherever possible to reduce costs and enhance the effectiveness of the wastewater system.
