TRANSPORTATION ALTERNATIVES FUNDS AND  
COST SHARE PROGRAM AGREEMENT  
FIRST SUPPLEMENTAL AGREEMENT**

THIS SUPPLEMENTAL AGREEMENT is entered into by the Missouri Highways and Transportation Commission (hereinafter, "Commission") and the City of Kansas City (hereinafter, "City").

WITNESSETH:

WHEREAS, on December 17, 2021, the Commission and the City previously entered into a Transportation Alternatives Funds and Cost Share Program Agreement as to public improvements designated as 2022-02-68182, for the construction of US 169 Bike/Ped Overpass at Rte 152, Segment 10, (hereinafter, "Original Agreement"); and

WHEREAS, the Commission and the City now desires to revise the Original Agreement.

NOW, THEREFORE, in consideration of the mutual covenants, promises and representations contained herein, the parties agree as follows:

(1) REVISION: Paragraph(s) 16 of the Original Agreement (is/are) removed and replaced with the following:

(16) **FINANCIAL RESPONSIBILITIES**: The cost of the contemplated improvements will be borne by the United States Government, the Commission, and by the City as follows:

(A) The current estimate for the total project cost is Five Million One Hundred Forty-Five Thousand Four Hundred Sixty-Nine dollars (\$5,145,469) and will include, preliminary engineering, preliminary engineering review, right-of-way, right-of-way review, construction, construction engineering, and construction engineering review. The Total Project Cost is further described below and broken down by category on an attached table marked "Exhibit C" and made part of this Agreement.

(B) The Commission will be responsible for fifty percent (50%) of the construction cost, and one hundred percent (100%) of the preliminary engineering review, right of way review, and construction engineering review costs, total not to exceed One Million Seventy-Four Thousand Three Hundred Ninety-Two dollars (\$1,074,392). Of this amount, the Commission will provide One Million Fifty-Nine Thousand Three Hundred Ninety-Two dollars (\$1,059,392) from the Commission's Cost Share program, available in State Fiscal Year 2024, and Fifteen Thousand dollars (\$15,000) from the Kansas City District for preliminary engineering review, right of way review, and construction engineering review. Commission Cost Share program funds shall not be used off the State Highway System.

(C) The City shall be responsible for one hundred percent (100%) of the preliminary engineering, right of way, and construction engineering costs. Additionally, the City shall be responsible for fifty percent (50%) of the construction costs up to Two Million One Hundred Forty-Eight Thousand Seven Hundred Eighty-Five dollars (\$2,148,785), and one hundred percent (100%) of the construction costs exceeding the Commission's responsibility. The current estimate of the City's responsibilities is Four Million Seventy-One Thousand Seventy-Seven dollars (\$4,071,077). The City agrees the Commission may program up to Two Million Sixty-Two Thousand Five Hundred dollars (\$2,062,500) of Transportation Alternatives Program (TAP) funds. The City agrees that TAP funds not obligated by September 1, 2024 will be rescinded and the City will be responsible for remaining costs. Any federal funds for project activities shall only be available for reimbursement of eligible costs which have been incurred by City. Any costs incurred by City prior to authorization from FHWA and notification to proceed from the Commission are not reimbursable costs. All federally funded projects are required to have a project end date. Any costs incurred after the project end date are not eligible for reimbursement. The calculated federal share for seeking federal reimbursement of participating costs for the herein improvements will be determined by dividing the total federal funds applied to the project by the total participating costs. The remainder will be funded with City cash, currently estimated at Two Million Eight Thousand Five Hundred Seventy-Seven dollars (\$2,008,577).

(D) Upon the Commission's formal concurrence in Bid Award, all construction costs incurred by the City will be reimbursed by the Commission at a pro-rata share. These costs will be reimbursed upon submission and approval of monthly invoices.

(E) If the City elects to accelerate the project, and receives approval for advanced construction from both FHWA and the Commission, the City shall be responsible for one hundred percent (100%) of total project costs prior to the Cost Share funds becoming available. The Commission will reimburse the City upon the funding becoming available, on or after July 1, 2023. This reimbursement is contingent upon the City's submission and MoDOT approval of monthly project invoices.

(F) In the case of cost overruns, the City shall be responsible for any and

all costs that exceed Five Million One Hundred Forty-Five Thousand Four Hundred Sixty-Nine dollars (\$5,145,469). All underruns will be based on the pro-rata share.
