This Main Corridor Overlay District, is shown outlined on a map marked Section 88-20A1 134, which is attached hereto and made a part hereof, is hereby adopted as a part of an amendment to the zoning maps constituting a part of said chapter and in accordance with Section 88-20 thereof.

MAIN CORRIDOR OVERLAY DISTRICT (MCO)

1. Introduction

a. Purpose

The Main Corridor Overlay (MCO) aims to provide for a cohesive development pattern along Main Street and major intersecting corridors. The following regulations create design standards that promote the use of transit, context sensitive density, pedestrian friendly spaces, and overall design excellence. Uses are regulated by this overlay to ensure compatibility between transit and adjacent uses. This overlay generally extends along Main from Pershing Road to Emanuel Cleaver II Boulevard.

b. Applicability

1. The standards of this article apply to all development in the Main Corridor Overlay District, provided that the provisions of this ordinance shall not apply to pending applications submitted under the current provisions of the Main Street Special Review District that were filed prior to December 21, 2017. Any pending applications filed prior to December 21, 2017 shall be required to comply with the existing provisions of Committee Substitute for Ordinance No. 110040. This document establishes the development standards that vary from the underlying base zoning for the properties in the Main Corridor Overlay District. All provisions described below as regulatory in nature have the same force and effect as, but are variations from, the standards set forth in Chapter 88 - Zoning and Development Code.

11. If provisions of this overlay district are inconsistent with Chapter 88, the provisions of this overlay district shall apply.

111. If provisions of this overlay district are inconsistent with a Historic Overlay District, the provisions of the Historic Overlay District shall apply.

iv+* Existing MPD and UR districts are exempt from the standards of this document. However, when new MPD or UR plans are adopted

COMMITTEE SUBSTITUTE FOR ORDINANCE NO. 171037

or amendments are made to ~~existing existing~~ MPD or UR plans, the standards of this document shall be met. ~~except that~~ Restaurants as defined by Section 88-805-04-1.1 of the Zoning and Development Ceode, with a single drive-through which lanes that existed in MPD or UR districts prior to January 18, 2017 that are rebuilt in substantially the same footprint may construct dual drive-through lanes when the existing restaurant is demolished and rebuilt, the requirements of Section 1.b.vii and Section 3 notwithstanding. The City Council may authorize a rebuilt restaurant meeting the foregoing criteria to deviate from the lot and building standards contained in Section 4 of this Main Street Overlay as part of a development plan approval process pursuant to Section 88-517-09 of the Zoning and Development Cdc. may create dual drive through lanes if constructed as part of a restaurant renovation, and such renovation projects are exempt from Section 4, Lot and Building Standards, of this Main Corridor Overlay, the requirements of Section 1.b.vii. and Section 3. Uses, notwithstanding.

- v. Buildings listed on the National Register of Historic Places and following the Secretary of the Interior's Standards through the National Parks Service shall be exempt from the Lot & Building Standards, Architectural Materials, Facade Articulation and Composition and Transparency standards of this overlay.
- vi. Permits may be issued for previously approved site-specific development plans that were approved prior to the effective date of the Main Corridor Overlay in accordance with the previously approved plan without compliance with the Main Corridor Overlay. Compliance with use regulations, architectural materials and signage shall be required. For purposes of this section, "site-specific development plans" are plans or plats submitted by a landowner or an authorized representative describing with reasonable certainty the type and intensity of development for a specific parcel of property and that have been approved by the city plan commission, board of zoning adjustment and/or city council. Such plans may be in the form of ~~preliminary~~ subdivision plats or plans, final subdivision plats or plans, development plans, plans approved by the Main Street Special Review District, or other similar plans, as determined by the city planning and development director.
- vii. Other than as set forth below, the underlying zoning and the regulations and standards included in the Zoning and Development Code, Chapter 88, prescribed for the areas rezoned to this overlay district shall remain unchanged and shall continue to apply.
 - 1. **New Development**
Full compliance with this article applies to all new buildings constructed within this district.
 - 2. **Enlargements and Expansions**
Full compliance with this article applies only to the

COMMITTEE SUBSTITUTE FOR ORDINANCE NO. 171037
enlargement or expansion area.

3. **Facade Changes**
Compliance with this article applies to facade changes to existing buildings.
4. **Change of Use or Occupancy**
Compliance with use standards apply whenever the use or occupancy of a property changes.

COMMITTEE SUBSTITUTE FOR ORDINANCE NO. 171037

5. Signage

Compliance with signage standards apply when a sign permit is required.

2. Zone Descriptions (see map)

a. Neighborhood Main Street

Neighborhood Main Streets provide a diverse critical mass of walkable services for adjacent neighborhoods. These areas anchor residential neighborhood reinvestment and revitalization and restore the vibrant walkable character of the corridor and adjacent neighborhoods.

b. Transit Nodes

Transit nodes are centered around a rapid transit stop. Transit nodes encourage an appropriate mixture of density and uses around rapid transit stops to increase ridership and support transit investments. These nodes are characterized by compact development that facilitates access between rapid transit stops and nearby residential, commercial, civic, recreational, and institutional uses.

c. Transitional Zones

Transitional zones provide a balanced transition from Transit Nodes to Neighborhood Main Streets.

COMMITTEE SUBSTITUTE FOR ORDINANCE NO. 171037

3. USES

a. Use Specific Standards

1. **Drive-Through Facilities**

In addition to 88-340 Drive-Through Facilities and in order to apply for a Special Use Permit for a Drive-Through the following standards must be met, except where a restaurant in an existing MPD or UR district creates dual drive-through lanes as part of a restaurant rebuild renovation as allowed pursuant to Section 1.b.iv of this Main Corridor Overlay:

Formatted: Underline

1. Drive-through facilities are only permitted within Neighborhood Main Street Districts.
2. Drive-through facilities shall be limited as accessory uses to financial services uses. Drive-through facilities serving other uses are prohibited.
3. Drive-through uses shall only be permitted on a comer lot.
4. Street access to drive-through lanes shall be offset by at least 15 feet to prevent vehicles from stacking onto Main Street or any cross street.
5. No more than one curb cut shall be granted per street frontage for any use with a drive-through.

ii. **Tavern or Nightclub**

1. Approval of a Special Use Permit is required for any Tavern or Nightclub with a gross floor area equal to or greater than 3,000 square feet.

m. **Shelter or Boarding**

1. Shelters or Boarding facilities shall not have any outdoor kennels. Outdoor play areas are allowed but shall not exceed 1,000 square feet.
2. Outdoor play areas shall be located in the rear yard and shall be secured with a solid six (6) foot fence.

iv. **Non-Accessory Parking**

1. Non-accessory parking is only permitted within a parking garage. Surface parking lots shall not be allowed as non-accessory parking.

v. **Gasoline and Fuel Sales**

1. No such establishment shall be located within 2,000 feet of another gasoline or fuel sales establishment within the overlay district.
