DEVELOPMENT PLAN REVIEW

The applicant is seeking approval of a Development Plan in proposed District R-2.5 on 23 acres generally located on the west side of North Platte Purchase Drive approximately 100 feet north of Northwest 79th Terrace allowing for the creation of 90 residential units on 16 lots and 3 lots.

The proposal is to subdivide the existing 23 acre unplatted parcels of land into 16 platted lots. The R-2.5 Zoning District requires lots to be at least 2500 SF. Proposed lot sizes for the single unit detached homes range from 6,600 SF to 14,000 SF with the average lot size being approximately 7,000 SF. The developer is not requesting any deviations to setbacks from the R-2.5 district.

There are 23 multiplex buildings located on 5 lots consisting of 13 three unit townhomes and 10 four unit townhomes. Each unit will have its own garage and off street parking. Pedestrian connections will be provided along the north side of the property in the form of a trail.

Landscaping for this project includes landscaping along North Platte Purchase Drive to adequately screen the rear of the buildings. A project plan will be required for each private open space tract prior to recording the Final Plat.

Proposed architectural materials and articulation are consistent with adjacent buildings.
Materials include stone veneer and stucco.

During review staff requested additional pedestrian connections and consolidated driveways.
The applicant complied and when able rotated driveways to have side loaded garages.
Pedestrian connections have been enhanced throughout and connections to North Platte
Purchase Drive were provided.
