Hello,

I live in Brookside, KCMO and am writing in Support of Ordinance 220961. I strongly believe the trees are what make our neighborhoods unique and a wonderful place to live. Everyone should be able to enjoy the trees and all they offer including shade and wildlife.

I wish to expand requirements for developers to preserve trees, implement mandates to replace portions of trees removed during development and any other creative ways in which we can protect our tree canopy.

Thanks!
