

Dear Public Testimony Public Testimony,

I'm writing to ask you to oppose Ordinance 250382.

Investing in bike share programs benefits the entire community. These programs promote healthy lifestyles and reduce traffic congestion. Cutting funding would hinder these positive impacts and limit transportation options. Such a decision would be detrimental to the city's progress towards comprehensive, sustainable and equitable transportation. I urge you to reconsider and continue supporting this valuable community asset.

Regards,
Quinn Hahs
