**Subject: Non-Opposition & Support for Gillon Property Group**

To the Kansas City Council and Whom It May Concern,

On behalf of the Mill Creek Homeowners Association Huntington Residence, we would like to offer this letter for Council review to voice our non-opposition to Gillon Property Groups proposed refurbishment of the Country Club Plaza and their plans regarding new residential and commercial development.

The Country Club Plaza has been long overdue for responsible ownership. Anything that is good for the Country Club Plaza is good for the actual owners located in the district. We are hopeful that the council will lean towards progress and support the Gillon Property group in their endeavors and look forward to seeing the property evolve in the coming years.

Sincerely

Mill Creek Homeowners Association (Huntington) Board,

David Finkelstein, President

Lisa Schoofs, Board Member
