Subject: Ordinance #231019 What's the rush? This needs involvement from Housing Providers.
Date: Tuesday, December 12, 2023 1:57:54 PM

Please, this ordinance needs additional time to gather more input, info and ideas from the Housing Providers in KCMO.

In making this ordinance, it's essential to have the housing providers at the table. They are the people that are the essence of this ordinance...without their involvement this amendment is ill-informed, one sided, and exclusionary.
