The City's Major Street Plan identifies East Bannister Road as a Thoroughfare with 4 lanes at this location

Land Use Plan

The Hickman Mills Area Plan recommends Office/Residential uses for the subject property.

APPROVAL PROCESS

PROJECT TIMELINE

The application for the subject request was filed on March 26, 2023. Scheduling deviations from 2022 Cycle C have occurred due to additional applications needed to be applied for by the applicant.

NEIGHBORHOOD AND CIVIC ORGANIZATIONS NOTIFIED

There are no Neighborhood Associations tied to the subject site.

REQUIRED PUBLIC ENGAGEMENT

Public engagement as required by 88-505-12 applies to this request. Applicant hosted a meeting on July 5, 2023. A summary of the meeting is attached to the staff report, see Attachment #3.

EXISTING CONDITIONS

The subject site is currently undeveloped. It is within the existing Hickman Mills Corridor Urban Redevelopment Plan area. Land to the north, west, and south is currently undeveloped and located within the same UR Plan area. To the east is commercial development zoned B2-2 which includes the existing Home Depot. A regulated stream is located on the western side of the parcel.

SUMMARY OF REQUEST + KEY POINTS

The applicant is seeking approval of a UR Plan Amendment to remove the subject site from the UR Plan Area, Rezoning from UR to B2-2, Area Plan Amendment from Office/Residential to Mixed Use Community in current District UR on about 7 acres generally located at the southwest corner of East Bannister Road and Marion Park Drive.

CONTROLLING CASE

Case No. 6817-URD-17 – On March 2, 2000 an amendment to a previously approved redevelopment plan in District URD (Urban Redevelopment District) so as to delete 11.7 acres generally located at 96th Street and Marion Park Drive.

RELEVANT CASES

Case No. 6552-P-8 -- Ordinance 60451 passed in January of 1987 rezoned 11.8 acres from District CP2 (Local Planned Business Center) to District C3a1p (Intermediate Business, Low Buildings, Limited District) and approved a development plan for 145,000 sq. ft. of office/showroom/warehouse space.

Case No. 6552-P-9 -- Final plan approved by City Plan Commission in March of 1987.

Case No. SD0258 -- Final Plat of Bannister Square Business Center was approved by City Council Ordinance 61289 on July 23, 1987 to allow creation of one lot.

Case No. 6552-P-11 -- City Plan Commission on December 1, 1987 approved a revised final plan to allow erection of a freestanding sign to identify the center.

Case No. 6552-P-12 -- City Council Ordinance 62223 passed in March of 1988 amended the plan to delete the required side yard along the southern property line, to allow additional parking to be provided.

Case No. 6552-P-13 -- Final plan reapproved by City Plan Commission on May 17, 1988.

Case No. SD0258A -- Final Plat of Bannister Square Business Center, Replat to subdivide the 11.7 acre site into seven lots for sale of individual buildings was approved by City Council Ordinance 65059 on January 4, 1990.

Case No. 6817-URD-13 -- City Council Ordinance 940020 passed February 3, 1994 rezoned approximately 325 acres generally bound by Bannister Road on the north, Interstate 435 and U.S. Highway 71 on the west, Interstate 470 on the south, and the west boundary of the Mooreland/Hillcrest Heights subdivision on the east from numerous zoning districts to District URD and approved a preliminary development plan for 1,584,000 sq. ft. of office, research and development, laboratory, and commercial office/warehouse space. The 11.8 site currently under consideration is located in the extreme northeast corner of the urban redevelopment plan, north of the Hoechst Marion Roussel (formerly Marion Merrell Dow) site.

Case No. 422-S -- The Hickman Mills Tax Increment Financing Plan was approved by City Council Ordinance on November 25, 1992. Upon the 11.7 acre subject site, the plan proposed construction of six office/warehouse structures.

Case No. 6817-URD-15 -- Ordinance 961235 passed in October of 1996 amended the development plan on 11.7 acres to permit an increase in square footage, revision of the number and placement of structures, and reduce the setback from Interstate 435.

Case No. 6817-URD-16 -- City Plan Commission recommended approval of a request to delete 3.75 acres located on the west side of Hickman Mills Drive and north of Interstate 470 from the URD District. The property was then rezoned (Case No. 8530-P-1) to District M1p, its prior zoning, and a plan was approved to permit construction of an office/warehouse development.

REZONING REVIEW

The applicant is proposing a request to rezone 7 acres from District UR (Urban Redevelopment) to District B2-2. This rezoning will allow for the applicant to pursue a Special Use Permit for the creation of a Fuel Station. The project site is a vacant parcel which has been undeveloped since 1996. The current UR plan requires that the site be utilized for an office building. This UR plan was approved in 2000 and was tied to the Hoechst Marion Roussel development within the Hickman Mills Redevelopment Plan. The proposed rezoning does not require an accompanying plan. Rezoning this parcel is compatible with adjacent properties which have existing commercial uses.

The applicant is also proposing an Area Plan Amendment to bring the area plan into conformance. The current future land use of the site is Office/Residential. The applicant is proposing to amend the plan to be Mixed-Use Community which is in line with the properties to the east. This future land use would allow a mixture of commercial and/or residential and would not prohibit redevelopment of the site in the future.

SPECIFIC REVIEW CRITERIA**Zoning and Development Code Map Amendments, REZONINGS (88-515-08)**

In reviewing and making decisions on proposed zoning map amendments, the City Planning and Development Director, City Plan Commission, and City Council must consider at least the following factors:

A. Conformance with adopted plans and planning policies;

This proposal is not consistent with the future land use plan which necessitates the accompanying Area Plan Amendment.

B. Zoning and use of nearby property;

Properties to the east of the subject site are zoned B2-2 which is the desired zoning district of the applicant. Properties to the north and south are zoned UR, allowing for a mixture of commercial, office, and industrial uses. West of the subject site is Highway 71 which serves as a physical barrier from any residential uses.

C. Physical character of the area in which the subject property is located;

Adjacent properties consist mainly of commercial uses, with Cabinets To Go and The Home Depot directly across Marion Park Drive to the east. Land to the north and south is currently undeveloped. The proposed rezoning is not expected to change the physical character of the area.

D. Whether public facilities (infrastructure) and services will be adequate to serve development allowed by the requested zoning map amendment;

There is existing public infrastructure serving the site. Utilities and infrastructure will be brought to City Standards when any development is proposed.

E. Suitability of the subject property for the use to which it has been restricted under the existing zoning regulations;

The current zoning designation is Urban Redevelopment (UR). The proposed rezoning will change the zoning to B2-2. The land was previously restricted to only that of office use. The UR plan no longer has Tax Incentives that the applicant is pursuing. The removal of this site from the UR plan and subsequent rezoning will allow for the lot to be developed with uses allowed under B2.

F. Length of time the subject property has remained vacant as zoned;

A single-family home was demolished in 1996. To the best of our knowledge the land has been vacant since.

G. The extent to which approving the rezoning will detrimentally affect nearby properties; and

The rezoning is not expected to detrimentally affect nearby properties.

H. The gain, if any, to the public health, safety, and welfare due to denial of the application, as compared to the hardship imposed upon the landowner, if any, as a result of denial of the application.

A denial of the application is not expected to provide any gain to the public health, safety, and welfare.

and CD-CPC-2023-00058

Meeting Date: July 5, 2023

Meeting Location: South Patrol Division Station, 9701 Marion Park Drive
Kansas City, MO 64137

Meeting Time (include start and end time): Start 7 pm, end approximately 8 pm

Additional Comments (optional):

No opposition to the project itself was expressed. There were questions regarding (a) the developer's other operations (we gave them the info, but advised that this is a much smaller facility than the client's facility in Edgerton), (b) security and prevention of human trafficking (we will have video cameras outside), (c) opportunities for an internal kiosk or other facility to share information and history of Hickman Mills and Three Trails (we are willing to work toward that), (d) opportunities for some exterior place-making signage for "Hickman Mills" (OK with us, subject to City approval), (e) confirmation that there will not be a pylon sign, (f) confirmation that no tax incentives are being sought, (g) whether there will be rules and limitations on leaving the truck trailer and driving the truck cab away (we will look into this but do not intend to do so), (h) whether there will be inside seating in the restaurant (yes), and (i) whether there will be EV charging stations (we will look into that).
