Docket Memo

Ordinance/Resolution # TMP-3183

Submitted Department/Preparer: Water Services

Docket memos are required on all ordinances initiated by a Department Director. More information can be found in [Administrative Regulation \(AR\) 4-1](#).

Executive Summary

Authorizing a \$1,878,800.00 construction contract with Infrastructure Solutions, LLC, for the Water Main Replacement along 1st Street/Guinotte Avenue, Campbell Street to I-35/I-29 project; and authorizing a maximum expenditure of \$2,066,680.00.

Discussion

Project Justification

The Water Services Department is undertaking this construction project to improve distribution system reliability, increase hydraulic conveyance capacity, and support fire protection to replace aging, break-prone cast iron (CIP) water mains with ductile iron pipe (DIP).

Project Description

This Project in general consists of replacing approximately 3,000 LF of 8-inch break-prone or obsolete water mains and appurtenances and providing other distribution system improvements within the project limits, generally defined as E. 1st Street, Guinotte Avenue, Campbell Street to I-35/I-29 Highways, in Kansas City, Jackson County, Missouri.

The specific mains to be replaced and other distribution system improvements within the project limits consist of the following: Replacement of approximately 3,000 LF of 8-inch CIP water main with 8-inch DIP along E. 1st Street (Guinotte Avenue) starting from a point of 400 feet west of Campbell Street and continuing east to I/35/I-29 overpass.

The work will include the transfer of customers' water service connections from existing water mains to new water mains, as well as restoration of roads and properties. The amount of this contract is \$1,878,800.00.

The term of this contract is 240 calendar days.

Solicitation

This project was advertised in accordance with the City's requirements. Public bids were opened on May 2, 2023 with 5 bidders responding.

Service Level Impacts

This project will contribute to service level impacts by replacing aging, break-prone water mains with new water mains, thereby improving distribution system reliability, increasing hydraulic conveyance capacity, and supporting fire protection.

Other Impacts

1. What will be the potential health impacts to any affected groups?

Work on this project will contribute to health impacts by supplying healthy and safe drinking water to citizens and supporting fire protection when needed.

2. How have those groups been engaged and involved in the development of this ordinance?

N/A

3. How does this legislation contribute to a sustainable Kansas City?

This project will contribute to a sustainable Kansas City by replacing aging, break-prone water mains with new water mains, thereby improving distribution system reliability, increasing hydraulic conveyance capacity, and supporting fire protection.

4. Does the ordinance/resolution include Civil Rights antidiscrimination requirements in compliance with the Code of Ordinances (Chapter 38, titled "Civil Rights")?

Yes. CREO KC established goals of 11% MBE and 11% WBE on this project on March 15, 2023, as part of the CREO KC Annual Goal Program, which is for a period of June 2022 through June 2023.

5. Has the ordinance/resolution been submitted for review of economic equity & inclusion requirements in compliance with the Code of Ordinances (Chapter 3, titled "Contracts and Leases")?

Yes. The Contractor Utilization Plan was submitted to CREO KC for review on May 23, 2023, and is pending review.
