Docket Memo

Ordinance/Resolution #: 250873 Submitted Department/Preparer: City Planning Revised 6/10/24

Docket memos are required on all ordinances initiated by a Department Director. More information can be found in <u>Administrative Regulation (AR) 4-1</u>.

Executive Summary

Rezoning an area of about 0.15 acres generally located 150 feet north of the intersection of West 36th Street and Baltimore Avenue from District R-6 (Residential) to District R-1.5 (Residential) to allow for a multi-unit house. (CD-CPC-2025-00109).

Discussion

The applicant is requesting to rezone approximately 0.15 acres from District R-6 to District R-1.5. The subject site is a single platted lot. The rezoning request does not require an accompanying development plan, special use permit, or area plan amendment. Approval of the rezoning would allow the applicant to complete an interior remodel of the existing structure into a three-unit house. The current R-6 zoning district does not allow for a multi-unit house. The applicant stated this structure has previously been used as a three-unit house. The existing structure caught fire in March of 2025 and needs a full remodel. City Staff found no evidence of this house being legally converted into a three-unit house. There is a variance case from 1985 to allow for an additional unit in an already constructed duplex, but City staff is unable to find any information on if the hearing was held, or if the case was approved, or denied. There are houses on the same block that have obtained Certificates of Legal Non-Conformance to continue operating multi-unit houses in the current R-6 Zoning District. The applicant has chosen to move forward with a rezoning application.

Staff recommended approval of the rezoning request. There was no public testimony at the City Plan Commission. The City Plan Commission recommended approval.
